WARNING!!!

CONTENTS ARE FRAGILE HANDLE WITH CARE

The metal frame and crystal components of this chandelier are very delicate. Please exercise extreme Caution during unpacking and installation.

WARNING!!!

After passing the main electrical wire through the 10mm pipe and connecting the pipe to the main body top connector, place all remaining pieces as shown in numerical order and in the orientation depicted. Refer to the parts list to avoid confusion between parts. The part Numbers coincide

CAUTION

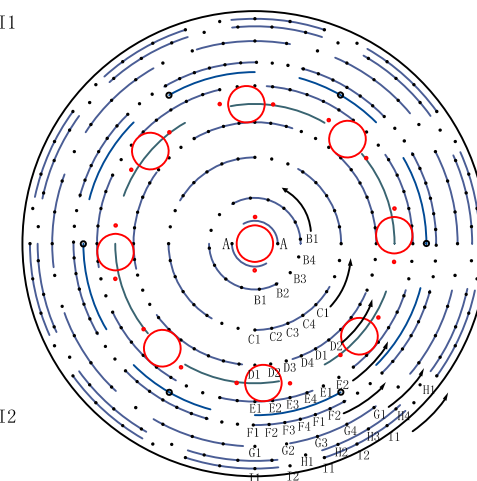

1. Rated 110v-130v/60Hz, bulb GU10/35W maximum.
2. Care Should be taken to avoid damage to the surface of lighting and wire, wearing gloves is recommended when installing
3. Connect black or red wire of the lighting to live wire and white or blue wire to neutral wire and double colored (or bare copper) wire to ground wire.
4. Never install lighting on damp ceiling, the room should be dry and well ventilated.
5. Keep lighting away from acid, alkali and other corrosive chemical or gas, clean the lighting with Clean soft cloth only.
6. Installation must be carried out by qualified electrician only.
7. Disconnect the power before installing, Cleaning and replacing lighting.
8. Never cover the lighting when power is connected.
9. Firmness must be secured when installing ceiling tube, chain, pipe and other connecting parts.
10. Care should be taken to avoid damage when installing glass parts.
11. All electrical components must be installed by a licensed electrician and in accordance with the National Electrical Code and the appropriate local electrical codes. Make sure that the electrical supply to the chandelier is turned off at the main fuse or circuit breaker before doing any installation. Elegant lighting shall not be responsible for unprofessional wiring.

Frame Assembly Instructions

Installation:

Please read all instructions carefully.
Before you proceed to install, make sure that the power supply is turned off and remains off until installation is complete.
Please note that each part has been assigned a number.
Please proceed in a numerical order.

1. Fix the crossbar (02) with chain (01) or junction box.
2. Fix the lamp body (03) on the crossbar (02) with crossbar bracket (04).
3. Make sure the positive and negative charges of wire and lamp body match correctly, screw the connect point with the junction cap.
4. Make sure the main wire is enough long and keep the rest wire in the 4" J-box.
5. As the crystal pressing instruction, hang the crystal parts.

The end!
