

## Most Frequently Asked Grisham Security Door Questions

Question?	Answer
<p><b>Do the Grisham security doors come with glass?</b></p>	<p><b>Yes.</b> The 100, 300, 400, and 500 series are all equipped tempered safety glass panels with a rubber thermal seal for added weather protection.</p>
<p><b>Do the Grisham security doors come with a ventilation screen?</b></p>	<p><b>Yes.</b> The 100, 300, 400, and 500 series doors all include a ventilation screen panel.</p>
<p><b>Do any of the Grisham doors have a self-storing glass/ventilation option?</b></p>	<p><b>Yes.</b> The 100 series doors have the optional self-storing glass feature. The sliding glass panel allows for tiered ventilation preferences.</p>
<p><b>Is an additional screen available for purchase?</b></p>	<p><b>Yes.</b> Additional screen is available for 300, 400, and 500 series Grisham security doors.</p>
<p><b>Can I purchase replacement parts for my Grisham security door?</b></p>	<p><b>Yes.</b> All components are available for replacement. When ordering replacement parts, helpful to know the following: <b>Model of door, size of door, color, existing options, hinge orientation (left or right)</b></p>
<p><b>Is a lock included with the Grisham security door?</b></p>	<p>100 and 300 series include a European style slimline lockset. The 100 series has available an <b>optional</b> bank-vault locking system. The 400, 500, and 800 series doors require purchasing a 2 3/8 backset lockset of choice within the hardware Dept.</p>
<p><b>Are Grisham doors reversible for right and left hinging?</b></p>	<p><b>Yes.</b> Stock sized 30" 32" 34" 36" x 80" doors within the 300, 400, 500 and 800 series are easily reversible. Grisham security doors are pre-hung and pre-hinged left out of the box, and are easily reversible for right hand hinging. 100 series doors are manufactured to specific hinging requirements and are not reversible.</p>

Question?	Answer
Do the 800 Series Protector and Defender doors come with glass panels?	No glass is included or available. Doors are equipped with a full length inlay of heavy duty expanded metal screen.
Which series doors are considered <b>inside</b> and <b>outside surface</b> mount doors?	100, 300, 400, and 500 series doors are considered <b>inside mount</b> , as they are recessed into the mounting surface. 800 series Grisham security doors are positioned on the <b>outside surface</b> of the exterior door frame or mounting surface.
