

**Easy
Installation**

CrystaLok® Glass Block Windows are installed from the outside. Set the window into the opening with the weep gates at the bottom, use shims to assure that it is plumb and level, nail into place. Apply sealants, vapor barrier and flashing tape as you would with any new construction window.

Add privacy and light to any room with the versatile, vinyl-framed, glass block window system that simply nails into place.

- ✓ **Integral Weep System** (Patent Pending)
- ✓ **Welded Vinyl Frame**
- ✓ **Nailing Fin for Easy Installation**
- ✓ **Integrated "J" Channel**

Each block is an 8" square, *real glass block - not plastic*, so they can be cleaned with normal household cleaners and are highly resistant to scratching or dulling.

Just nail these windows into place to make any spa area the center of attention, to add privacy to a bathroom or for attractive, secure door side-lights.

- ✓ **Real Glass Block**
- ✓ **Scratch Resistant**
- ✓ **Maintenance-Free**
- ✓ **Clean with normal household cleaners**

CrystaLok® Windows conform to Federal Manufactured Home Construction and Safety Standards Section 3280.403 and AAMA:1701.2-95 DP58 ANSI Z97.1-2004, CPSC 16 CFR 1201 NFRC 100/200/500 - 2004, ANSI/AAMA/NWDA 101/1.S.2/A440-05
