Description

This wall sconce or wall mount is a highly versatile piece that blends both masculine and feminine elements, working wonderfully in any indoor environment. Ideal for striking a balance between strength and elegant beauty. Encased in attractive clear and white cased glass cylinders. Individually handspun by master glassblowers, glass is crafted layer by layer into a flawless multi-layered cylinder with a delightfully smooth touch. Enjoy phenomenal long-lasting color that will never fade from cleaning or sunlight. Cased glass color is always non-painted and 100% natural, inherent to the original sand pigment from which it was created. Illumination mechanism is sure to impress with its stunning, unique radiance. Light diffuses within multiple layers instead of simply filtering light through. The entire glass shade glows bright in perfect uniformity, emitting an ethereal, serene ambience and capturing an immaculate glow throughout the glass. Thickness and weightiness from multiple layers in the cased glass shade ensures long-lasting durability. Dazzling vintage filaments are a perfect complement to this piece. Evoke nostalgic beauty and showcase a unique, electrifying look by pairing this piece with antique light bulbs (sold separately). This fixture is conveniently compatible with all antique light bulbs with a standard medium base. This versatile light can conveniently mount up or down. Install upwards for an uplight configuration or downwards for a downlight configuration. Suitable for both damp or dry locations. Feel confident in your choice of combined contemporary and classic elegance. Delight in transitional design that complements surroundings and décor with the best of both modern and traditional elements. Complements bathrooms, vanity, living rooms, hallways, restaurants, and many other indoor areas. Flawlessly and evenly finished in rich antique bronze.
