

FAST-GRIP™

BLACK

ridged for comfort

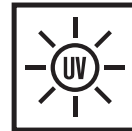

non-slip

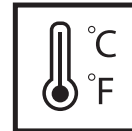

no residue

waterproof

UV resistant

from -65 °F to 500 °F

NASHUA® FAST-GRIP Self-Fusing Silicone Tape STRETCHES and SEALS to itself forming an instant and permanent wrap for a variety of materials and tools. FAST-GRIP features a ridged, non-slip grip to protect tools against wear and tear. FAST-GRIP holds up to every day use - protecting handles and hands for the long term either indoors or outdoors. When removed, FAST-GRIP leaves no sticky residue behind.
