KEY BENEFITS

Perfect fit - MAAX adjustable shower and tub shower doors guarantee that your shower is securely mounted to your ceramic or acrylic walls and watertight.

Watertight seal - MAAX shower doors are equipped with a number of parts and systems to ensure the optimal watertight performance of your shower door!

Enjoyment without the worry - The ball bearing roller system, Sure-Glide track system, and bottom door guide make operating your shower panels a snap.

Frameless look - MAAX shower and tub shower doors are always designed to highlight the soft, pure lines of the glass.

STANDARD FEATURE(S)

Bottom sliding track prevents residue build-up for ease of cleaning

Resistant ball bearing mechanism allows for easy movement of panels

Durable top and bottom ball bearing rollers allow for easy movement of panels

Slim exterior and interior "D" shaped door handles provide easy opening of doors from outside and inside of the shower

Self-caulking wall jambs require no silicone application and guarantee watertightness

Slim clear seal in between panels eliminates water infiltration while adding a frameless look

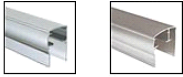

With the help of an oblong hole the wall jambs self-adjust giving a perfect fit on the first try

Preassembled door panels significantly reduce installation time

With the help of a screwdriver the easy adjusting vertical panels make for a perfect installation every time!
