an Wasser

GROHE
WAVE

INSPIRED
BY NATURE
GROHE EUROSTYLE

INSPIRED BY YOUR INSTINCT.

The bathroom should be a place where you can feel nature with all your senses. A place that reflects your sensuality and blends with your own nature. The GROHE Eurostyle turns this intuition into reality. The organic design and natural aesthetic are both pleasing to the eye and a joy to use. The result is a relaxed atmosphere where you can enjoy peace and instinctively feel at home, in a totally natural way. How inspiring.

YOU CAN FEEL HOW IT IS **PERFECTLY FORMED.**

We wanted the GROHE Eurostyle to be a physical expression of your desire for the perfect shape. This idea gave rise to an organic design. A beautiful faucet with dynamic curves that fits perfectly naturally in your hand. Using it is purely intuitive with the ergonomic lever. Inside, cutting-edge GROHE SilkMove® technology translates that intuition into action. A pleasantly restrained and contemporary style. Perfect for your bathroom.

ATMOSPHERE.
ACCENTUATED
BY BEAUTIFUL
SHAPES.

Enjoy the space to be yourself. A symbiosis of different components creating a modern atmosphere. Beautifully sculpted for you.

NATURALLY. IN THE SIZE YOU WANT.

Each of us instinctively knows which size will fit us perfectly. So you can select your GROHE Eurostyle in a variety of heights – from S to L to perfectly match your individual taste. To perfectly match your individual taste. Let your intuition help you decide which height appeals to you the most.

L-Size

MANY WAYS TO PERFECTION. FOR YOU, SIMPLY GOOD.

We have developed the GROHE Eurostyle to give you even greater comfort when using it. With our innovative GROHE SilkMove® technology you can finely adjust water flow and temperature to suit your exact needs. A patented ceramic cartridge inside the fitting is what makes this possible. That's how you can experience Pure Freude an Wasser. Not only that, but thanks to GROHE EcoJoy™, you'll save water too. Beautiful moments in a beautiful bathroom.

AT THE HEART OF OUR TECHNOLOGY. **BLUE CORE**

BlueCore makes up the major technological components of our GROHE products. At the same time, however, it also describes the spirit of our brand which expresses Pure Freude an Wasser – water is at the heart of everything we do. We are particularly proud of BlueCore and we show it on the inside of our products. This is where we express our passion for water, distinctively and clearly with the color blue.

GROHE

THEOCHARIS LIOLIS

Master of Technology provides an unbeatably resistant finish to our fittings with GROHE StarLight®.

EXCEEDING EXPECTATIONS IS OUR STANDARD. **MASTERS OF TECHNOLOGY**

With their innovations, designs and first-class, award-winning bathroom faucets, our Masters of Technology set industry standards. They research, develop, produce, galvanise, fit, polish and coat. They combine genuine craftsmanship and sophisticated thinking to produce a product with an incomparable finish. The result: A timeless look. And quality that lasts a lifetime. Time and again they surprise with unique functions creating Pure Freude an Wasser. If you know GROHE, you can feel the difference. Time after time.
