

# Use and Care Manual

## Vinyl Cupolas

---

Your expertly crafted Good Directions Vinyl Cupola is designed and manufactured to be maintenance free.

- ❖ Built in the USA using maintenance-free, high-quality Royal brand PVC Vinyl for decades of enjoyment.
- ❖ Complete, easy step-by-step instructions are included. You can also view our cupola installation video.
- ❖ All of our cupolas are “Weathervane Ready”. A 3/4” hole on top and internal weathervane mounting bracket are standard.
- ❖ Polished copper roofs will patina naturally over time.
- ❖ Wooden roofs should be shingled or covered with metal prior to installation.
- ❖ Good Directions offers weathervanes that will accent your cupola.
- ❖ Cupolas can be painted to match your house.

### Care & Maintenance:

- ❖ Vinyl cupolas are designed to be maintenance free.
- ❖ You may clean your cupola with a mild detergent. We do not recommend using harsh chemicals.
