

FT1 Step Stools

ANSI Type II 225 lbs

Sometimes smaller is better, especially for home use. **The Xtend+Climb® Ultralight FT1 Step Stool** is designed for homeowners that only need a single step to get to those hard to reach shelves, pictures or corners around the house. Both lightweight and durable, it's a versatile step stool that is so handy that it eventually finds it's way into every room of the home.

The best step stool for home use is lightweight, easy to store and safe to use. By folding down to 10.5 by 13 inches, the **FT1** can be kept out of sight in closets, under a sink or in a cabinet shelf until needed. Weighing only 2.4 lbs, the **FT1** can be easily carried in one hand.

- Single step makes it compact and easy to store
- Lightweight aluminum construction for easy carrying
- Great for multiple rooms around the house
- Folds up for easy storage
