The Marvel® Lifetime Warranty

Marvel® warrants its products to the original purchaser to be free from defects in material and workmanship for as long as the original purchaser owns the product, except as provided below.

Components and parts deemed as high wear including: casters, pneumatic cylinders, stacking chairs, and task lights are warranted for five years from the date of sale. Fabrics are warranted for five years. Electronic Adjustable Table electric components and motors are limited to 5 years, under normal operating conditions, subject to inspection and determination of the manufacturer. Seating control

mechanisms and keyboard arms are warranted for ten years from the date of original sale. Warranty periods for seating that exceeds eight hours per day usage (single shift) is reduced in a pro-rata basis.

This warranty excludes products that were not installed or used in accordance with product instructions and warnings. Product adaptations, customizations or modifications not explicitly approved by Marvel® do not qualify for this warranty.

The obligations of Marvel® are limited to repair or replacement at the sole option of Marvel®. Marvel®, in no event, will be responsible for incidental or consequential damages arising out of a claim for defective or damaged product.

The Marvel® Quality Guarantee

Marvel® is registered to ISO 9001-2008 by UL DQS Inc. The International Organization for Standardization is an international agency formed in 1979 to harmonize quality management and quality assurance standards for manufacturing and service industries. The ISO 9001-2008 standard is the broadest and most difficult standard to attain. In addition to the ISO 9001-2008 standards of quality management system, control product handling, documentation, and personnel, it also includes quality in:

Marvel® Environmental Statement

The *Marvel Group, Inc.* is proud of our ongoing commitment to responsible environmental policies and manufacturing processes. Safeguarding the earth's vital resources through conservation, technology application and progressive emission controls is a responsibility embodied in our manufacturing, sourcing and marketing practices.

Marvel® wood and wood based components including our particleboard have no components related to or sourced from coastal rainforests, ancient or old growth forests. Additionally Marvel® is continuing research into the use of Hay and Grain based particleboard for potential use in future products.

Our coating process emissions are the lowest possible as Marvel® utilizes unique state-of-the-art powder-coating methods, which virtually eliminate vapor emissions as well as allowing us to recycle close to 100% of our overspray.

Our steel suppliers currently use a variety of sources for recycled and scrap steel, which is utilized in the manufacturing process. These efforts coupled with a corporate culture of responsible stewardship combine to give our associates and customers the reassurance and confidence they demand in partnering with a socially and environmentally responsible company.
