### Hook Installation: (Using a hand held Phillips head screwdriver)

- A) Insert the hook engaging tab through any hole in the DuraBoard.
- B) Align the hook screw hole with second hole in the DuraBoard.
- C) Lock the DuraHook in place using the short Philips head screws with a hand held screwdriver (**non-powered.**) Do not use 2" long wood screws as these are part of the mounting hardware for the DuraBoard.
- D) **Do not over tighten screws used for mounting DuraHooks.**

Note: All hooks can be mounted horizontally or vertically to store items and can be combined with one another to create storage solutions for heavier, long, and odd shaped items and tools.

Liability: **Triton Products liability is limited to 100% of the purchase price of the product.**

For BinClip™ and Hanging Bin Mounting insert hook's panel engaging tab facing up.
