

Van Zyverden's
CANNAS DWARF PINK FUTURITY

As flamboyant as their tropical American ancestry, cannas are among the most colorful summer bulbs with ruffled spikes tapering to refined buds, boasting immense, paddle shaped leaves. Their great reedy canes and palmy foliage make for large, magnificent plants, yielding blooms all summer long for long lasting curb appeal. They are deer resistant and appear most dramatic when grouped in masses. These are fast growers with large flowers.

Burgundy-bronze leaves

Deer resistant

Good dwarf selection

About This Variety: Canna Pink Futurity is a dwarf variety, ideal for low beds, borders or specimen plantings. Compact growing variety often used in pots, tubs or flower boxes on patios, terraces and /or entrances. These Futurity Cannas have a blend of huge blooms of coral and rose, with lush burgundy-bronze foliage.

Growing Instructions: Where not hardy, plant outdoors in early summer, setting the rhizome in the hole, 'eyes' (shoots) up. Cannas do best with a good supply of water.

Care Tip: As flowers fade, deadhead to promote continued flowering. They like moist conditions.

Exposure: Full sun to partial shade

Height: Grows 36-48" tall

Spacing: Plant 12-18" apart, 2-4" deep

Hardy in: USDA zones 8-11

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
