

Remington Solar ThermoClimb™

Thermal Attic Stairway Protection

“...Keeps money from escaping your house”

Key Benefits:

- **Creates thermal barrier in homeowners' highest leak zone**
- **High quality reflective fire-retardant fabric**
- **Unbeatable cost/thermal benefit ratio**
- **Attractive dealer pricing**

General Product Info:

Product Specifications:

Sizes:

TC-5925 25" wide x 59" long x 13" tall

TC-5425 25" wide x 54" long x 13" tall

TC-5422 22" wide x 54" long x 13" tall

Polyester Fiber Batting sandwiched between layers of reflective fabric

Double stitched landing strip for added durability

- Polyethylene fabric
- De-lamination: None (ASTM C1313)
- Emissivity: 0.05 (ASTM C1371)
- Reflectivity: 95% (ASTM C1371)
- Class A/Class 1 Fire Rating (ASTM E84 with ASTM 2599)
- Flame Spread: 0 (ASTM E84 with ASTM 2599)
- Smoke Development: 10 (ASTM E84 with ASTM 2599)

- Thermally Bonded Polyester Fiber Batting
- Nominal Thickness (uncompressed): 1 inch
- Specific Gravity: <1.0 (H₂O=1)
- Hazardous Polymerization: Will not occur
- R-Value (uncompressed): 3.8
- Corrosion: Does not corrode
- Fungi: Does not promote growth
- Corrosivity: No Loss of Foil (ASTM D3310)
- Mold and Mildew: No Growth (ASTM C1338)
- Thickness: 4 mil
