ADHESIVE REMOVER

FORMULA

747

PLUS

BIODEGRADABLE
LOW ODOR FORMULA
FASTER ACTING
GREAT COVERAGE RATES
(100-200 FT²/GALLON)

PRODUCT DESCRIPTION:

SENTINEL 747 PLUS Adhesive Remover is a powerful, biodegradable formula designed to safely and effectively strip adhesives left behind after removing vinyl tile, sheet vinyl, indoor and outdoor carpeting and wood flooring. 747 PLUS is an environmentally-friendly, low-odor product that effectively removes a variety of adhesives without the use of harmful agents.

DIRECTIONS:

FLOOR TILE MASTIC REMOVAL:

1. If necessary, protect walls, drains, cracks, and other flooring with an absorbent (rags, kitty litter, sawdust) to keep liquefied mastic contained.
2. Wet adhesive with 747 PLUS. This may be done by using a sprayer or by mopping over the surface of the mastic. Allow 747 PLUS to soak and penetrate for 10-20 minutes until the mastic is saturated.
3. Scrape or squeegee the bulk of the softened or liquefied mastic from the surface with a floor scraper (razor scraper) or floor squeegee.
4. Wash and rinse the floor thoroughly with Sentinel 810 and water to ensure a clean surface. Allow to dry a minimum of 24 hours before installing new flooring.

SPECIFICATIONS:

APPEARANCE	CLEAR
APPROXIMATE BOILING POINT	410-470°F
ODOR	NEW FRESH SCENT
SPECIFIC GRAVITY (TEMP)	(60°F) .840
FLASHPOINT	Over 170°F PMCC
*% VOC	not greater than 15g/L

See reverse side for
Material Safety Data Sheet (MSDS)

*When determining VOC concentrations in accordance with the requirements set forth by the California Air Resource Board.
