

SYMBOLGY	
	Warning
	Read Operator's Manual
	Electrical Shock Hazard
 	Do not open more than one drawer at a time. Chest/cabinet may tip, causing injury
	Be careful when closing the chest top cover. Remove hands before closing the cover
	Chest must be fastened by screws through connectors after it has been placed on top of cabinet
	Lock wheels when chest/cabinet is not being moved. Unlocked wheels can allow the chest/cabinet to move unexpectedly
	Do not use drawers as steps. Chest/cabinet will tip, causing injury
 	Lock both the lid and all drawers before moving the chest/cabinet
