USE AND CARE

- **Do not modify the product in any way.** Unauthorized modification may impair the function and/or safety and could affect the life of the equipment. There are specific applications for which the **product** was designed.
- **Always check of damaged or worn out parts before using the product.** Broken parts will affect the **product** operation. Replace or repair damaged or worn parts immediately.
- **Store idle product.** When **product** is not in use, store it in a secure place out of the reach of children. Inspect it for good working condition prior to storage and before re-use.

Charging the Flashlight

When charging your flashlight, use Mini USB port to connect to USB cable, then connect to any USB power source such as AC adaptor, laptop, or computer to charge device.

A red light blinks while charging, it will stop blinking when fully charged.

Charging your Electronic Device

Plug the large end of the USB cable into the flashlight (output). Then plug the small end of your 4 in 1 cable that fits into your device.

The mobile battery automatically begins charging your device and the LED turns blue.

MAINTENANCE

Maintain your product. It is recommended that the general condition of any **product** be examined before it is used.
