# GOT RUST?

## NO MORE SANDBLASTING

### Convert Rust & Prime in One Step!

Corroseal® Rust Converting Primer is an effective, water based, non-hazardous, non-toxic, non-flammable rust corrosion control coating for rusted and painted steel surfaces.

#### Easy to Apply

- Reduces need for de-rusting
- Converts rust on contact
- Primes old paint like a hard clear varnish
- Recoat any color
- Environmentally Friendly
- Easy Clean Up

Topcoat with most Epoxies, Urethanes, Amines, Coal Tar, Alkyd Oil and Bituminous Coatings

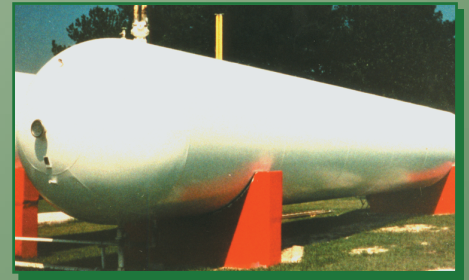

*Before Corroseal®*

*After Corroseal®*

*Topcoated*
