WIRELESS VIDEO INTERCOM

## WIRELESS SOLUTIONS

### Let there be lights!

Creating the perfect mood for dinner guests? Turn on your favorite lights and save the settings. Want specific lights to turn on when you come home? Create your own "Welcome Home" light setting — adorne's wireless lighting system gives you complete flexibility.

WELCOME HOME

DINNER PARTY

### Convenience in hand.

Control up to four unique lighting presets with adorne's wireless remote or with our convenient iPhone® app.

### Music on your wavelength.

Rich, resonant speakers connect wirelessly to your home network, turning an iPhone®, tablet, or computer into your personal jukebox.

### Seeing eye.

It's a doorbell. It's a camera. It's your new video door station. Wireless monitors (right) not only show who's at the door, but also function as true room-to-room audio intercoms.
