GENERAL INFORMATION

Your new bench is made from the finest materials available. It should provide many years of enjoyment with minimal care.

Keep your bench clean and apply a coat of wax a few times a year. For best results, clean the bench with warm soapy water and use an outdoor furniture wax. If you use furniture covers, always make sure the bench is clean and completely dry before covering as mold may form in dark, wet places. Check the bolts on your bench regularly to make sure they are tight.

To provide a rust free product this bench is made of Cast Aluminum which is a relatively soft material. Be careful not to over tighten your hardware. Stripped hardware is not covered under the manufacturer’s warranty. The weight limit for this bench is 225 lbs.

SAFETY INFORMATION

WARNING

DO NOT stand or allow children to stand on the assembled product. DO NOT tighten bolts completely until instructed to do so. After final alignment, make sure all nuts and bolts are securely fastened. NEVER use a power tool to assemble or tighten your furniture. Perform periodic checks to make sure the hardware is secure and tighten if needed.

CAUTION

READ all instruction before beginning assembly. Failure to do so may result in faulty assembly and potential injury. Assemble the item on a soft, non-abrasive surface such as a carpet or cardboard to avoid damaging the item.
