### What is a Drain?

Behind the scenes, a drain whisks away water *quickly, elegantly*. But it is much more than merely a hole in the floor. At the surface, it should complement your bath's design so completely that it's both beautiful and invisible. **Designline** by Oatey offers rugged dependability under the seamless sophistication of the latest, tasteful, graceful flair in plumbing.

**Designer Grate** provides the tile-in or stainless insert design for a concealed or contemporary look.

304 Grade Stainless Steel construction has a **Linear Channel** to ensure proper drainage.

**Adjustable Leveling Feet** for quick and easy height adjustment during installation.

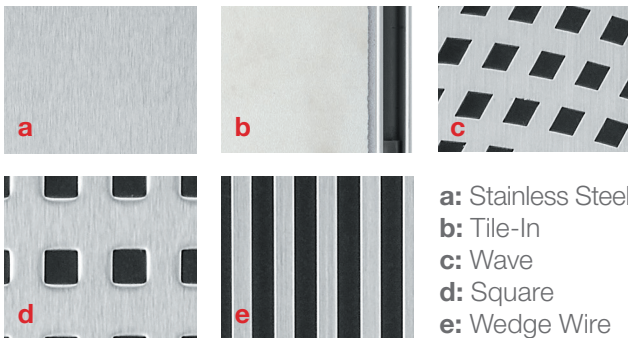

Includes **2" Threaded Outlet Adaptor** with O-ring that seals to drain outlet.

**Lifting Key** provided for ease of removal during cleaning and maintenance.

**Debris Basket** with silicone sound proof band eliminates any rattle or noise.
