

General Maintenance Tips

Manufactured Wood

Frequently dusting of your furniture will help maintain the luster of both oil and lacquer finishes. Use trivets and coasters to prevent damage and wipe up spills promptly, use a dry microfiber cloth to spot clean. Do not scratch PU with sharp objects or place wet or hot objects on wooden furniture.

Fabrics and Upholstery

Spot clean spills or soiled fabric using a mild water-free solvent and dry cloth. Remember, prolonged periods of direct sunlight can alter the color. Do not dry clean.

Wooden Legs and Trimmings

Spot clean with a dry cloth. Do not scratch PU with sharp objects. Attach soft felt pads (not included) to feet to prevent scratches to flooring.
