**WARNING:**

1. Caddy® fasteners that are manufactured using spring steel components may be used only in a non-corrosive indoor environment. Use non-spring steel fasteners with protective coatings may be used otherwise, as specified.
2. Fasteners must be used only in the manner depicted in the illustrations that accompany it and must not exceed static load ratings noted.
3. Fasteners are designed for use with a variety of industry standard building materials, structural shapes, and mechanical components. For the fastener to work properly, these items must meet the appropriate industry standards. (Examples: ANSI, AISI, AS5)

**NO LOAD RATING - POSITIONING ONLY**

**WARNING:**

1. Observe all Federal and local safety regulations.
2. Wear safety glasses with side shields.
3. Be aware of personal working above and below.
4. Wear a hard hat.
5. Wear gloves to avoid splinters and cuts.
6. When working above ground level, be sure the structure will support your weight.

**NO LOAD RATING – POSITIONING ONLY**

The product design depicted on the drawing is listed with Underwriters Laboratory. Any design change requires notification of the agency. The agency's concurrence or approval is required prior to selling the product with their mark on it. In addition to their mark, the product must be identified with ERICO's name, part or model number, size and run number, as applicable.

**WARNING:**
1. Caddy® Fasteners that are manufactured using spring steel components may be used only in a non-combustive indoor environment. Only non-spring steel fasteners that have protective coatings may be used otherwise, as specified.
2. Fasteners must be used only in the manner depicted in the illustrations that accompany it and must not exceed static load ratings noted.
3. Fasteners are designed for use with a variety of industry standard building materials, structural shapes, and mechanical components. For the fasteners to work properly, these items must meet the appropriate industry standards. (Examples: ANSI, AISC, AS5)
4. The buyer and/or installer is responsible for:
   a. Application in accordance to local codes.
   b. The integrity of structures to which the fasteners are attached, including their capacity of safely accepting the loads imposed, as evaluated by a qualified engineer.
   c. Using appropriate industry standard fasteners as noted above.
5. Failure to observe these specifications may cause product malfunction resulting in property damage or bodily injury. ERICO Products at the time of shipment are warranted to conform to any applicable written description furnished to the buyer by ERICO, and to be free from defects in material and workmanship. NO OTHER WARRANTY, WHETHER EXPRESS OR IMPLIED, (INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS), SHALL EXIST IN CONNECTION WITH THE SALE OR USE OF ANY ERICO PRODUCT.

**SAFETY INSTRUCTIONS:** All safety regulations required by the job site must be observed. Special attention should be given to the following instructions.

1. Observe all Federal and local safety regulations.
2. Wear safety glasses with side shields.
3. Be aware of personnel working above and below.
4. Wear a hard hat.
5. Wear gloves to avoid splinters and cuts.
6. When working above ground level, be sure the structure will support your weight.
