

JELD-WEN
WINDOWS & DOORS

FIND THE DOOR THAT FITS YOUR NEEDS

Every JELD-WEN exterior door is crafted using high-quality materials to deliver lasting performance. We strive to build beautiful doors that are engineered for energy efficiency and designed to exceed expectations.

Crafted out of fiberglass with a high-density foam core. These fiberglass doors are crafted with durability, beauty, and energy efficiency in mind.

FIBERGLASS

JELD-WEN Smooth-Pro™ and Design-Pro™ fiberglass doors are crafted to be low-maintenance, complement any style home, and mimic the look of real wood.

ADVANTAGES:

CHOOSE FROM POPULAR WOODGRAINS

These durable fiberglass doors mimic the look of popular woodgrains.

DESIGNED TO BE ENERGY EFFICIENT

These doors feature an energy efficient core with an exterior that's ready for any finish.

REINFORCED TO KEEP YOU SAFE AND SECURE

These doors feature a standard 12" lock block that provides rigid support for lock sets.

FIBERGLASS IS DENT RESISTANT

Fiberglass doors are durable and resistant to dents, scuffs, cracking, and warping.

CHOOSE YOUR IDEAL FINISH

These doors can be stained, painted, or primed, which gives you the flexibility to get creative with your entryway.

PROTECTION YOU CAN COUNT ON
