

WEATHERWASH

Vintage Wood in **MINUTES ... NOT YEARS**

STEP 1

Prep Prepare wood by sanding with 80 grit sandpaper.

STEP 2

Get Your Color

STORM

For an authentic, extreme weathered wood look. Perfect for most wood types.

DIRECTIONS:

APPLY SELECTED WOOD STAIN TO SANDED WOOD. ALLOW TO AIR DRY. DO NOT APPLY & WIPE BACK OFF.

USE MAINTENANCE OILS TO LIGHTEN OR DARKEN. THEN TOPCOAT WITH TOPCOAT OF YOUR CHOICE.

MIST

For a light weathered wood look on mid-high tannin wood. Lighter & warmer colors than Storm.

STEP 3

Lighten or Darken

WHITE OIL TO LIGHTEN

CLEAR OIL TO DARKEN

PINED

Silvery gray on low tannin woods. Medium-to-dark gray on higher tannin wood.

STEP 4

Sealer Finish

OAKED

Beautiful silvery gray driftwood look on nearly all wood types.

FLAT VARNISH

RUSTED

Beautiful light, warm brown look on nearly all wood types.

SATIN VARNISH

SATIN POLYURETHANE
