

TL4000

**Easily change belts, blades
and service front & rear tires**

Tractor Lift can be used out of the box on most tractor brands available through major retailers. Tractor Lift mounting hardware is provided if your tractor does not have a bumper or brush guard.

Maintenance

Store in a clean dry place.

Recommended tire pressure - 30 PSI.

Before each use:

Always check tire pressure.

Always inspect unit for damage.

Always check fasteners for tightness.

Tools required for assembly:

1. 9/16" wrench and/or socket
2. Adjustable wrench
3. Pliers

If there are any missing parts, or if you have any questions on assembly, operation, maintenance or safety, please call 800-652-2321

WARNINGS

- Always use the stabilizer bar provided when using tractor lift.
- Make sure stabilizer bar is properly in place before starting any work on tractor.
- Read and understand all safety and operating instructions before using the tractor lift. Never allow anyone unfamiliar with these instructions to use the tractor lift.
- Read and understand all safety and operating instructions provided by the tractor's manufacturer before using tractor lift.
- Never lay under the tractor or mowing deck.
- When using lift, keep all bystanders, including children, away.
- This tractor lift must be only used for lifting and lowering to and from a level and stable surface.
- Never use in wet conditions.
- Do not attempt to lift the front and back of the tractor at the same time.
- Do not use tractor lift as an automotive lift, or for any other use for which it is not intended or designed.
- If tractor lift is bowing while lifting or lowering your tractor, which indicates an overload condition, remove the tractor immediately.
- Do not attempt to lift or lower any power equipment while motor is running.
- Never engage blades while using tractor lift.
- Always disconnect spark plug wire from tractor before beginning any work on tractor.
- Do not exceed the rated capacity of the tractor lift - 270#.
- Failure to follow these warnings may result in property damage and/or serious bodily injury.

SAFETY INSTRUCTIONS

- Be sure to read and follow all safety instructions and warnings. Failure to follow these instructions may result in damage to the product and/or serious personal injury.
- Danger of serious personal injury exists. Serious personal injury can occur when using a lifting device.
- Never attempt to ride any vehicle up or down the tractor lift.
- Do not climb onto tractor while tractor is in the elevated position.
- When working on the front of the tractor always place wheel chocks in back of the rear wheels/tires.
- Always raise and lower tractor lift in a controlled fashion; do not allow the tractor to drop too quickly, damage could occur.
- Make sure lifting arms are aligned and set to the proper distance apart so that the equipment being loaded is well balanced on the lift.
- Do not remove warning decals from product.
- Before each use, always check for any worn, loose, or damaged parts on the tractor lift. If any damage is present, DO NOT USE THE TRACTOR LIFT.
- Periodically check the fasteners to make sure they are still tight and in place.
- Keep lift surface clean by occasionally cleaning with water and any mild detergent.
- Do not add to or try to modify the tractor lift in any way. Any modifications will void any warranties.
- Failure to abide by the warnings and read the safety instructions may result in loss of load, damage to lift and/or property, serious personal and/or fatal injury.
