

## Multiwall Polycarbonate for Customers

Multiwall Polycarbonate is a versatile material delivering excellent light transmission, high impact resistance and weatherability. A natural choice for greenhouses, carport roofing, patios and pool coverings, multiwall polycarbonate is a perfect fit when a light lightweight solution with excellent light transmission is required. Available in multiple colors, panels can be used to discreetly divide rooms and offices, or replace glass windows in cabinetry. Easily cut and cold-formed on-site, multiwall polycarbonate can be used as a low-maintenance and economical glazing material.

### Potential applications include:

- Carports & canopies
- Covered walkways
- Dog Kennels
- Gazebos
- Greenhouses – home & commercial
- Office partitions
- Patio coverings
- Pool enclosures
- Room dividers
- Shower enclosures
- Skylights
- Sunrooms
- Window replacement

### Benefits of Multiwall Polycarbonate:

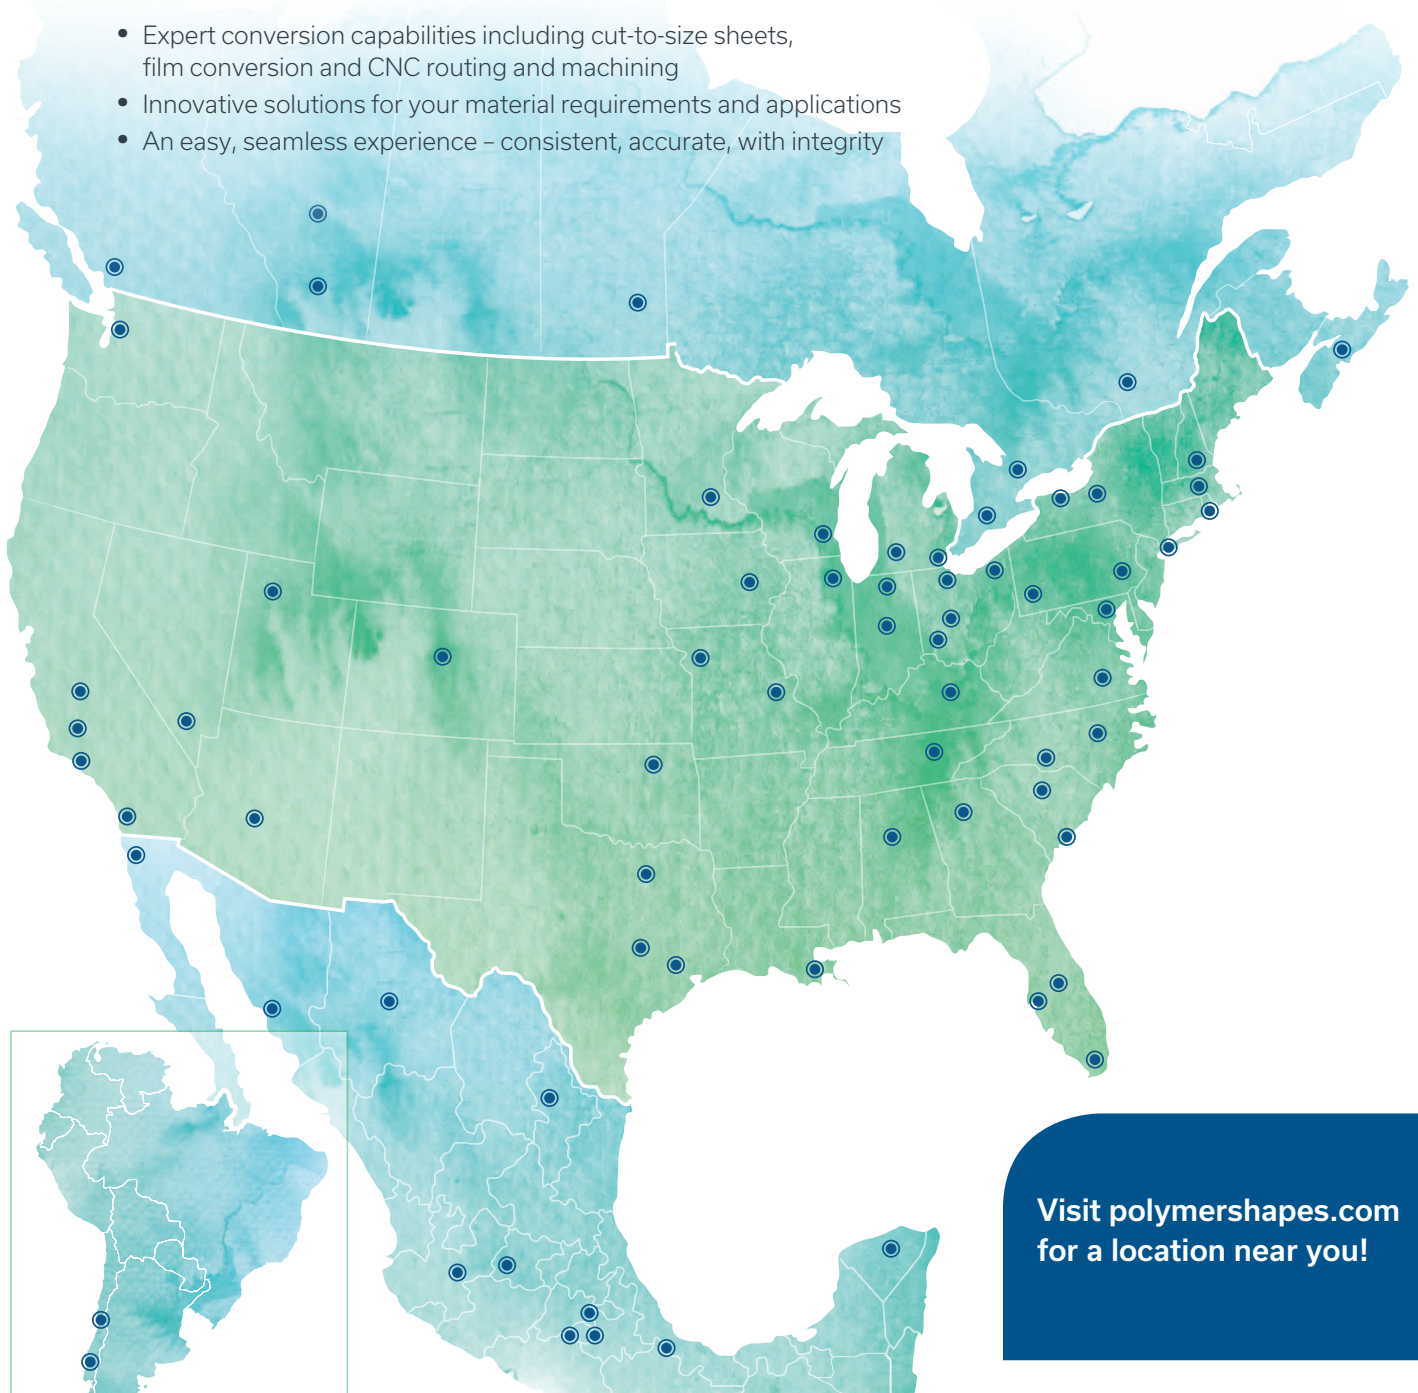

- High impact strength – virtually unbreakable
- Lightweight
- Obscurity for privacy while maintaining high light transmission
- Dimensional stability at elevated temperatures
- Flame resistance
- Weatherability

# We are committed to shaping your success!

**Polymershapes** is the premier distributor of plastic sheet, rod, tube, film, and associated products, with over 70 years of industry-leading heritage. We have the industry's most knowledgeable and highly trained sales and customer service team. Our network of 70+ stocking facilities, located throughout the United States, Canada, Mexico and Chile, enables our customers access to extensive local inventory from world-class supplier partners, and we can provide same-day delivery in many locations.

- Expert conversion capabilities including cut-to-size sheets, film conversion and CNC routing and machining
- Innovative solutions for your material requirements and applications
- An easy, seamless experience – consistent, accurate, with integrity
