

DIMENSIONS™

Project Wood Project Ideas

- Ideally sized for crafts, hobbies and small-scale home projects
- Paint, stain, nail, string, glue... Create custom wall art, home décor and more using your favorite art and craft supplies
- For the cleanest cuts, tape lines and use an 80-tooth or higher saw blade intended for wood
- Always carefully select the right products for the best finish

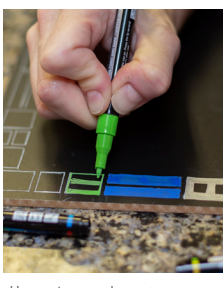

Personalize signs with peel-off letters and spray paint

Decoupage home décor to match any interior

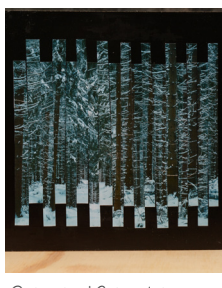

1/2 in. birch plywood is perfect for string art

Use paint markers to create a custom chalkboard border

Chalkboards make a great pre-finished black background

Get artsy! Cut a picture you love into thin strips and glue

Make one-of-a-kind geometric wall art with tape and paint

Guests will know they're in the right place with DIY signs

Homemade crafts are ideal gifts for the holidays
