

HF 210UV IONIC AIR PURIFIER

with Germ-Killing UV

Effective, Safe, Affordable and no filters to replace!

Generates millions of negative ions

Silent operation

No filter replacement

Compact and elegant design

Low power consumption

Effective for 500 ft² (46 m²)

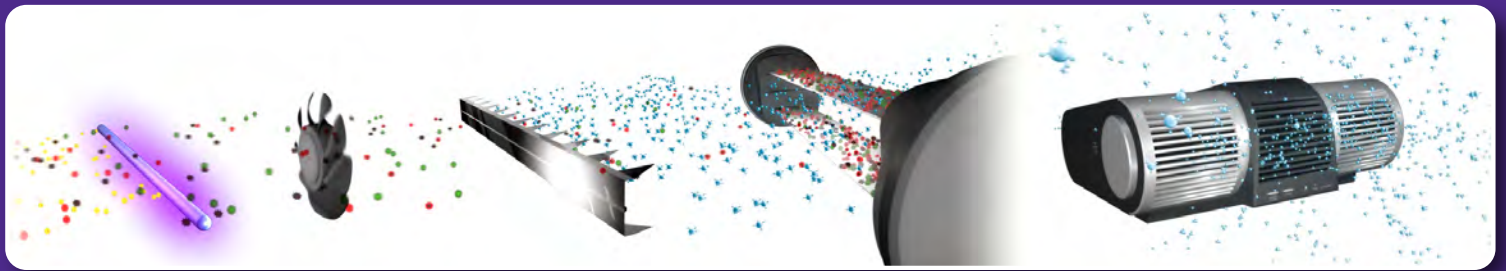

Ideally designed for large size rooms, HF 210UV is an effective air purifier which fills an entire room with health beneficial negative ions. Germicidal UV Light destroys micro-organisms such as germs, viruses and bacteria, and helps create a healthier environment.

The electrostatically-charged collection plates magnetically trap airborne particles and pollutants such as dust. The "twist and pull" stainless-steel plates are easily removed for periodic cleaning.

How the HF 210UV purifies the air

- 1 Germicidal UV Lamp**
Destroys germs, viruses, bacteria and fungi.
- 2 Whisper Quite Fan**
Draws in air pollutants.
- 3 Air Ionizer**
Twenty five ionized pins that release millions of negative ions into the air space.
- 4 Electric-statically charged plates**
Trap particles and pollutants.
- 5 Clean air charged with negative ions**
that fill your room with freshness.

SPECIFICATIONS

Model	HF 210UV
Rated Voltage	12V DC / 110-120V 50-60 Hz Adapter (North America) 12V DC / 220-240V 50-60 Hz Adapter (Europe and Asia)
Power consumption	8 W
Ion output	60,000,000/cm ³
Active Oxygen output	approx. .015 - .04 ppm
UV Lamp Wavelength	30 uW (Frequency: 254 nm)
Applicable Area	500 ft ² (46 m ²)
Dimensions	L: 13.75" (35cm) x W: 8.66" (22cm) x H: 5.0" (12.7cm)
Weight	3.1 lb (1.4 kg)

Available colours:

Silver/Black
