Tools for Tile & Stone Installation

CUSTOM[®]

SuperiorBilt® Tools

You can tell a lot about a professional by the tools they use. And tile contractors have been choosing our tools for decades. Our full line of SuperiorBilt® premium tools is proof that CUSTOM is the only source you need for superior products and support.

Your success is our success.

Every day, the team at Custom Building Products works to meet and exceed your expectations for quality products, outstanding service and excellent value. Our customer support staff, technical services advisors, regional technical sales representatives, architectural consultants, territory managers and senior leadership stand ready to serve you at every step of the process from product selection through final installation. With the largest network of North American manufacturing and distribution sites in the industry, we can serve you like no other. Count on CUSTOM for all your flooring preparation and tile and stone installation product needs.

We lead the industry with product excellence.

We're recognized for innovations like EasyMat®, Fusion Pro®, MegaLite® and Aqua Mix®. Tile professionals can feel confident with product technology like CustomLite® and Controlled Cure™ along with programs like Build Green® and the Emerald System™. Our award-winning, national architectural team supports designers and builders with system guides, specification assistance and an array of continuing education opportunities.

CUSTOM® Complete.

See our CUSTOM Complete Product Catalog and our website, CustomBuildingProducts.com for the full line of flooring preparation, tile set, grout and care solutions.

CUSTOM[®] Technical University

Custom Building Products developed Custom Technical University or "CTU" as its exclusive, interactive educational forum. CTU combines impactful curriculum, all the latest tools and a state-of-the-art facility designed to engage sales representatives, distributor personnel, contractors, installers, architects, designers and specifiers.

A variety of programs acquaint professionals with the latest installation methods, best practices, time-saving tips, codes, standards, products and system assemblies for the tile, stone and flooring industries.
