! Indicates required accessory to complete your project

Dimensions are rounded and are provided for general guidance only. For proper installation on all Hampton Bay products, refer to instructions printed on product carton. The manufacturer reserves the right to discontinue the sale or change the specifications of any product at any time. Every effort was made to assure accuracy of the information contained herein at the time of printing, however, the manufacturer makes no representations to such accuracies.

- Start with the first wall on the left and work to your right around the room. Measure the overall length of each wall.
- Indicate breaks in walls (windows, doors, closets) by measuring to the outside edge of the molding. Include permanent appliances, air vents, electrical, plumbing, etc.
- Start sketching your cabinets. Start in the 0", 0" corner and work outward.

The diagram illustrates two kitchen cabinet layouts. On the left, a wall cabinet is mounted above a base cabinet. The wall cabinet has a height of 30 inches. The total height from the floor to the top of the wall cabinet is 96 inches. On the right, a similar setup is shown, but with a soffit (a flat surface) above the wall cabinet. The wall cabinet height is still 30 inches, and the total height from the floor to the top of the wall cabinet is 96 inches. The soffit is labeled 'Soffit'.

Three diagrams illustrating cabinet configurations for different heights:

- 84" Configuration:** The top section has a height of 30" and the base section has a height of 84".
- 90" Configuration:** The top section has a height of 36" and the base section has a height of 90".
- 96" Configuration:** The top section has a height of 42" and the base section has a height of 96".

Diagram illustrating the dimensions and components of a corner base:

- Overall width: 36"
- Overall height: 36"
- Corner Base with Lazy Susan: 28-1/2" (width) x 24" (height)
- Adjacent Base (top right): 24" (width) x 24" (height)
- Adjacent Base (bottom left): 24" (width) x 16-1/2" (height)
- VOID: The central rectangular area.

Diagram illustrating the required filler for a 24 inch x 24 inch x 24 inch void. The void is shown as a rectangular box. The top of the void is labeled "VOID". The bottom of the void is labeled "Base". The side of the void is labeled "Base". The top of the void is labeled "3" Filler Required". The side of the void is labeled "6" Filler Required". The dimensions are 24" x 24" x 24".
