

BACK STRETCHER Assembly Instructions

Letter	Part	QTY
A	Sides	2
B	Back stretchers	15
C	Screws	6
D	Nuts	6

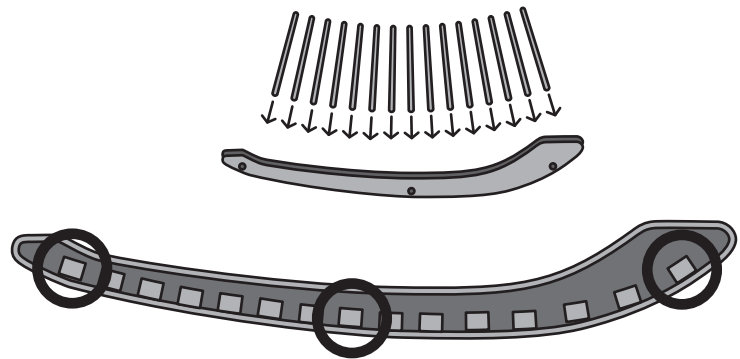

STEP 1

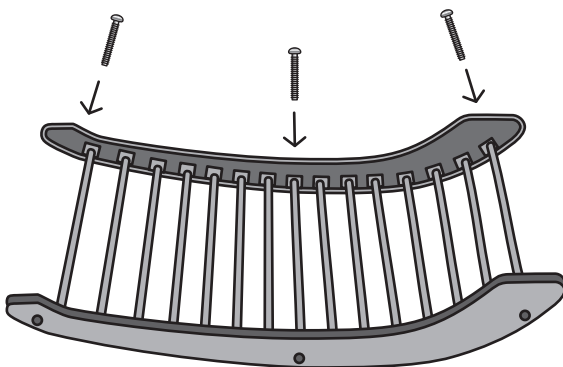

Take **three** of the 15 back stretchers and insert two nuts into each end as shown.

STEP 2

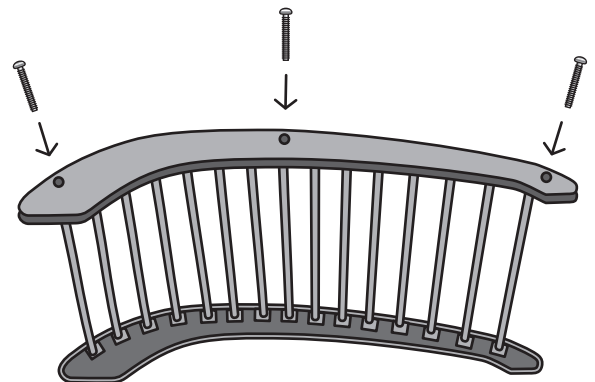

Now lie one of the sides face down and begin to insert the **back stretchers** into the corresponding holes on the side. The **stretchers with the nuts** need to be placed **in line with the three screw holes** on each side; one on each side and one in the middle. (indicated by circles)

STEP 3

Now that all of the stretchers are in place it's time to add the other side on top and secure with **three screws**. Start inserting on one end and work your way down the stretchers for the easiest assembly.

Once the 2nd side is secured, hold the 1st side onto the stretchers and flip so you can secure the other side.

Now you can use your newly completed Back Stretcher!
