

# Assembly Instructions

**Caution: You must read this before you proceed**

Read all instructions before assembling and using this product

1. Select ideal location. Set out all parts on a clear and level surface prior to assembly. Ideally, the Gazebo should be set up in the desired location to avoid moving it after assembly.
2. Team Work. We recommend 4-5 adults and it may require 2 to 3 hours to fully assemble the Gazebo. If possible, please use safety ladders.
3. Use caution. During the entire assembly process, especially when lifting heavy or large parts or using ladders, pay attention to safety. No one other than the assistants should be allowed in the work area.
4. Check all available parts. Before assembling your Gazebo Frame, make sure that you have all the parts described in the Parts List.
5. Ensure that ALL BOLTS are fully and securely bolted in before you proceed to attach the Canopies.
6. Keep children away. Children shouldn't be allowed in the work area. Do not let them handle parts and tools. Do not allow children to climb the Gazebo.
7. It is recommended that the curtain and mosquito netting be removed during strong windy conditions.

## Gazebo

## Parts List

| Label | Picture   | Description                  | QTY |
|-------|---|------------------------------|-----|
| A     |    | Leg Tube                     | 4   |
| B     |    | Cross Tube<br>(Labelled 'B') | 2   |
| C     |    | Cross Tube<br>(Labelled 'C') | 2   |
| D     |    | Rail                         | 8   |
| E     |    | Cross Tube<br>(Labelled 'E') | 2   |
| F     |    | Cross Tube<br>(Labelled 'F') | 2   |
| G     |    | Rail                         | 8   |
| H     |    | Top Tube                     | 4   |
| I     |    | Short Top Tube               | 4   |
| J     |  | Long Top Tube-J              | 2   |
| K     |  | Long Top Tube-K              | 2   |
| L     |  | Cross Tube Connector         | 4   |
| M     |  | Top Connector                | 1   |
| N     |  | Base                         | 4   |
| O     |  | Big Cover                    | 1   |
| P     |  | Small Cover                  | 1   |
| Q     |  | Curtain                      | 4   |
| R     |  | Mosquito Netting             | 4   |

## Hardware List

| Label | Picture | Description | QTY |
|-------|---------|-------------|-----|
|-------|---------|-------------|-----|

|   |   |                |    |
|---|---|----------------|----|
| ① |   | Connector      | 33 |
| ② |  | Bolt (M6*15mm) | 9  |
| ③ |  | Bolt (M6*30mm) | 17 |
| ④ |  | Bolt (M6*60mm) | 9  |
| ⑤ |  | Bolt (M6*60mm) | 5  |
| ⑥ |  | Bolt (M6*80mm) | 17 |
| ⑦ |  | Washer         | 53 |
| ⑧ |  | Nut            | 53 |
| ⑨ |  | Stake          | 9  |
| ⑩ |  | Hook           | 75 |
| ⑪ |  | Spanner        | 2  |

## Assembly Steps

Before Beginning Assembly :

• Read instructions, cover to cover-

• Have 4-5 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

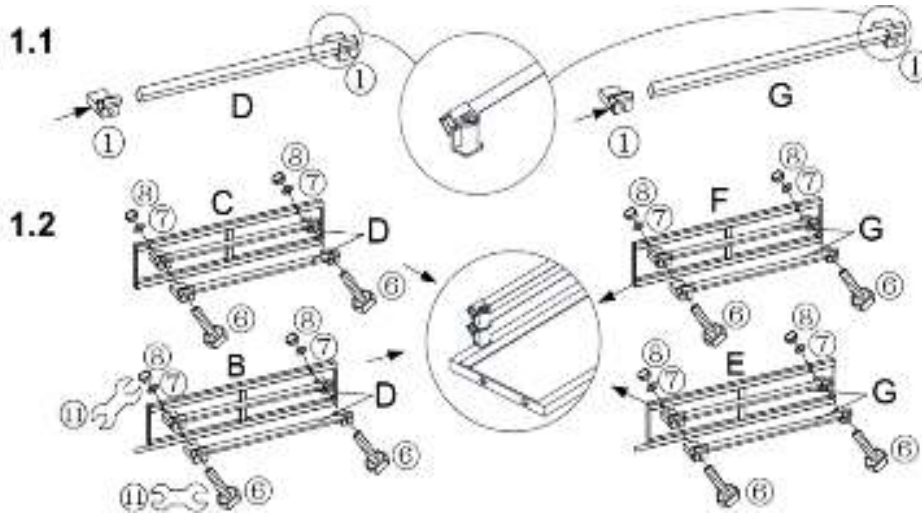

## Assembly Preparation

### Overview

This Gazebo has multiple parts and may require up to 3 hours to assemble. To give you an overview of the Gazebo parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

### Step 1

**1.1)** Insert Connectors(①) onto both ends of Rails(D) and Rails(G) as shown above.

**1.2)** Attach two Rails(D) to Cross Tubes(C) and Cross Tubes(D) using Bolts(⑥), Washers(⑦) and Nuts(⑧) through Connectors(①), tightening with Spanners(⑪).

Attach two Rails(G) to Cross Tubes(F) and Cross Tubes(G) using Bolts(⑥), Washers(⑦) and Nuts(⑧) through Connectors(①), tightening with Spanners(⑪).

**Tighten the Bolts fully in a sequential manner.**

## Step 2

**2.1)** Attach Leg Tubes(A) between Cross Tubes(B) and Cross Tubes(E) using Bolts(④), Washers(⑦) and Nuts(⑧) with Spanners(⑪).

**2.2)** Attach Leg Tubes(A) between Cross Tubes(F) and Cross Tubes(C) using Bolts(④), Washers(⑦) and Nuts(⑧) with Spanners(⑪).

**Tighten the Bolts fully in a sequential manner.**

## Step 3

Attach Cross Tubes(C) to Cross Tubes(B) using Bolts(②), Washers(⑦) and Nuts(⑧) with Spanners(⑪).

Attach Cross Tubes(E) to Cross Tubes(F) using Bolts(②), Washers(⑦) and Nuts(⑧) with Spanners(⑪).

**Tighten the Bolts fully in a sequential manner.**

**Note: Please use a ladder, if you can't reach it.**

## Step 4

Attach Cross Tube Connectors(L) to Cross Tubes(C) and Cross Tubes(B) using Bolts(③), Washers(⑦), and Nuts(⑧) with Spanners(⑪).

Attach Cross Tube Connectors(L) to Cross Tubes(E) and Cross Tubes(F) using Bolts(③), Washers(⑦), and Nuts(⑧) with Spanners(⑪).

**Tighten the Bolts fully in a sequential manner.**

**Note: Please use a ladder, if you can't reach it.**

## Step 5

Insert Top Tubes(H), Long Top Tubes(K) and Long Top Tubes(J) into the Top Connector(M).  
Insert Short Top Tubes(I) into Top Tubes(H).

## Step 6

Attach Top Tubes(I) to Leg Tubes(A) using Bolts(③), Washers(⑦) and Nuts(⑧) with Spanners(⑪).

Attach Long Top Tubes(J) and Long Top Tubes(K) to Connectors(L) using Bolts(③), Washers(⑦) and Nuts(⑧) with Spanners(⑪).

**Tighten the Bolts fully in a sequential manner.**

**Note: Please use a ladder, if you can't reach it.**

## Step 7

Attach Bases(N) to Leg Tubes(A) using Bolts(⑤), Washers(⑦), and Nuts(⑧) with Spanners(⑪).

Tighten the Bolts fully in a sequential manner.

Affix the Gazebo to the ground by inserting the Stakes(⑨) through the Bases(N).

## Step 8

Place the Big Cover(O) onto the Top Tubes(I), Top Tubes(J), and Top Tubes(K) as pictured. Then put the Small Cover(J) onto the Top Tubes(H).

## Step 9

- 9.1) Put the Hooks(⑩) onto Rails(D) and Rails(G).
  - 9.2) Install the Mosquito Netting(R) along the inside set of Hooks(⑩).
  - 9.3) Install the Curtains(Q) along the outside set of Hooks(⑩).
- Your Gazebo is ready for use.

**This Gazebo can only be used on a flat, level surface.**

### Cautions:

1. Check stability and then tighten the Bolts.
2. DO NOT tighten any Bolts fully and then towards the next one. Rather, In a sequential manner, gradually tighten each Bolt until all Bolts are evenly secured. This methodology will ensure maximum evenness once all Bolts are fully tightened.
3. Inspect it and make sure all parts are adequately connected.
4. This Gazebo can only be used on a flat, level surface.

**Warning!! If the Gazebo is not Stable, it could lead to damage to the product, and could cause injury to any occupants.**

## Care & Maintenance

-   • Do not put hot items directly on furniture surface.
  -   • Do not clean furniture with harsh cleansers or polish.
  -   • To obtain the longest lifespan of your outdoor products, minimizing exposure to direct sunlight is recommended.
  -   • Children should not climb or jump on the furniture.
  -   • Do not write on furniture without a padded barrier to protect the surface.
  -   • To obtain the longest lifespan of your outdoor products, avoid extended and lengthy exposure to rain, snow, and direct sunshine. Whenever possible cover the product and /or place under patio or awnings.
  -   • Not for commercial use. For residential use only.
  -   • Stains may be removed with mild soap solution and damp cloth.
- 
-   • Dust and pick-up spills using a clean, non-colored, lint-free cloth.

### Questions & Answers about Proposition 65

#### • What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

#### • What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

#### • What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

#### • Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at [P65.Questions@oehha.ca.gov](mailto:P65.Questions@oehha.ca.gov), or by phone at (916) 445-6900.
