CL201AE

For Indoor Use

The CL201AE is ideal for spot cooling in any home or office. Honeywell evaporative coolers do not require power hungry components like compressors. The CL201AE consumes only 250 watts* of power. This low power consumption translates into significant savings on energy bills compared to using air conditioners. The CL201AE includes an automatic off timer for even more energy savings. The digital control panel is easy to use and the remote control lets you operate your air cooler from across the room. Plus, this lightweight unit has side handles and four durable caster wheels allowing easy mobility from room to room.

LED Control Panel & Remote Control

 * All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
** Water Capacity is the total volume of water that can be contained within the air cooler water tank and water distribution system.

Product Dimensions (in)	18.9 (W) 14.6 (D) 32.9 (H)
Net Weight	23.4 lbs / 10.6 kg
UPC Barcode	848987000398
EAN Barcode	4895007914735
Container Qty 40' HQ	335 pcs

FEATURES & BENEFITS

Low Power Consumption 250 Watts*

Water Capacity 5.3 Gallons (20 Liters)**

3 Speeds: High / Medium / Low

Low Water Alarm

Ice Compartment For Faster Cooling

Cools Up To 280 Sq.ft (26 Sq. m)*

Powerful Air Flow 470 CFM (800 m³/hr)*

Adjustable Humidification Level

Honeycomb Cooling Media and Carbon-Dust Filter

Oscillating Louvers
