

Scotch® Vinyl Electrical Tape

Lasting quality.

Scotch® Vinyl Electrical Tape products provide high strength as well as resistance to moisture, UV rays, abrasion, corrosion, alkalis and acids. Their aggressive and pressure-sensitive adhesive allows the tapes to conform to irregular surfaces. They also perform well across a broad range of temperatures.

The choice of professionals.

Scotch® electrical tape products provide primary electrical insulation up to 600 volts and can be used in jacketing applications for high-voltage cables and wire harnessing. All are UL Listed and CSA Certified.

Professionals who want to make their jobs easier choose Scotch® brand tape products.

Scotch® Vinyl Electrical Tape Super 88

- Black, .008 mil, heavy duty, professional grade
- Offers mechanical/abrasion resistance
- Combines the flexibility of PVC (polyvinyl chloride) backing with excellent insulating properties
