Safety Information

Before you begin, make sure you carefully read and understand the instructions in this manual. Please follow the instructions in the order presented in this manual and observe all warnings and cautions.

⚠️ WARNING: CONSULT A QUALIFIED ELECTRICIAN IF YOU HAVE ANY ELECTRICAL QUESTIONS.

⚠️ WARNING: Before beginning installation, turn off electricity at the circuit junction box or the main fuse box.

⚠️ CAUTION:
  1. Dimmable with ELV and/or LED compatible wall dimmer switches.
  2. Keep your receipt and these Instructions for Proof of Purchase.
  3. Before starting installation of this fixture or removal of a previous fixture, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box.

Limited Warranty

WHAT IS COVERED
The manufacturer warrants this lighting fixture to be free from defects in materials for a period of three (3) years from date of purchase. This warranty applies only to the original consumer purchaser and only to products used in normal use and service. If this product is defective, the manufacturer’s only obligation, and your exclusive remedy, is the repair or replacement of the product at the manufacturer’s discretion, as long as the product is not damaged through misuse, abuse, accident, modifications, alterations, neglect or mishandling. This warranty shall not apply to any product found to have improper installation, set-up, or used in any way not in accordance with the instructions supplied with the product. This warranty shall not apply to any failure of the product resulting from an accident, misuse, abuse, negligence, alteration, or faulty installation, or any other failure not relating to faulty material or workmanship. This warranty shall not apply to the finish on any portion of the product, such as surface and/or weathering, this is normal wear and tear of the product.

WHAT IS NOT COVERED
The manufacturer does not warrant and specially disclaims any warranty, whether express or implied, of fitness for a particular purpose, other than the warranty contained herein. The manufacturer specifically disclaims any liability and shall not be liable for any consequential or incidental loss or damage, including but not limited to any labor / expense costs involved in the replacement or repair of said product.

Please contact 1-800-527-0998 for further assistance.
Installation (For junction box)

1 Installing Glass holder and glass shade

- Place the glass (A) on the fixture back plate (B) against the locked glass holder (JJ).
- Place another glass holder (JJ) and tighten it by screw (BB).

2 Installing circular strap

- Pre-secure 2 screws (AA) spaced same distance as the holes on the mounting plate (c) on the circular strap (II) direct from junction box inside.
- Secure the circular strap (II) to the junction box using screws (AA).

⚠️ WARNING: Shut off the power at main circuit breaker.

3 Installing mounting anchor

- Installing two pieces underprop (FF) on the back of mounting plate (C). Installing the underprop (FF) to make sure the fixture won’t be waggled by force on the wall.
- Drill holes in the wall aligned with the key-hole location in the mounting plate (C). Insert the mounting anchors (EE).
Installation (For junction box)

4 Wire Connection

- Hold the fixture body and mounting place (C), pass the wires through the hole of the mounting plate (C).
- Connect both white wires by wire connector (HH) together and both black wires by wire connector (HH) together.
- Connect both ground wires (green wire or bare wire) together by wire connector (HH), if there is a ground wire in the junction box. Otherwise, connect the copper wire from fixture to ground screw on the mounting plate (C).

NOTE: If you have electrical questions, consult your local electrical code for approved grounding methods.

5 Installing the mounting plate

- Place mounting plate (C) over the circular strap (II) and tighten it by nut (GG).
- Fasten the wood screws (DD) into the mounting anchors (EE). Tighten the mounting plate (C) on the wall.

6 Mounting the fixture

- Place fixture plate (B) over the mounting plate (C) and tighten it by screw (CC).
1 Installing Glass holder and glass shade

- Place the glass (A) on the fixture back plate (B) against the locked glass holder (JJ).
- Place another glass holder (JJ) and tighten it by screw (BB).

2 Separate mounting plate

- Takes the two screws on the mounting plate (C) to separate mounting plate (C) and conversation plate.

3 Insert mounting anchor

- Drill holes in the wall aligned with the key-hole location in the mounting plate (C). Insert the mounting anchors (EE).
Installation (For switch box)

4 Wire Connection

☐ Hold the fixture body and mounting place (C), pass the wires through the hole of the mounting plate (C).
☐ Connect both white wires by wire connector (HH) together and both black wires by wire connector (HH) together.
☐ Connect both ground wires (green wire or bare wire) together by wire connector (HH), if there is a ground wire in the junction box. Otherwise, connect the copper wire from fixture to ground screw on the mounting plate (C).

⚠️ WARNING: Shut off the power at main circuit breaker.

5 Installing mounting plate

☐ Secure the mounting plate (C) to the switch box using screws (AA).
☐ Fasten the wood screws (DD) into the mounting anchors (EE). Tighten the mounting plate (C) on the wall.
6 Mounting the fixture

- Place fixture plate (B) over the mounting plate (C) and tighten it by screw (CC).
**Maintenance**

- Do not use any cleaners with chemicals, solvents or harsh abrasives. Use only a dry soft cloth to dust or wipe carefully.

**Care and Cleaning**

- To clean the outside of the fixture, use a dry or slightly dampened clean cloth (use clean water, never use solvent) to wipe the glass and surface of the fixture.

**Troubleshooting**

<table>
<thead>
<tr>
<th>Possible Cause</th>
<th>Corrective Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. The LED is burned out.</td>
<td>1. Replace the fixture.</td>
</tr>
<tr>
<td>2. The power is off.</td>
<td>2. Make sure the power supply turns on.</td>
</tr>
<tr>
<td>3. Faulty wire connection.</td>
<td>3. Check wiring.</td>
</tr>
<tr>
<td>4. Faulty switch.</td>
<td>4. Test or replace the switch.</td>
</tr>
</tbody>
</table>
