

## u 8.1 UPRIGHT BIKE

DOMESTIC AND INTERNATIONAL MODEL › VMEX81414

### FEATURES & BENEFITS

**LED MATRIX DISPLAY** › Track your progress on large, easy-to-read LED displays. You'll stay on top of your workout so you reach your goals fast. Six displays track your speed, time, distance, resistance level, pulse and calories burned.

**QUICK SELECT START & STOP** › Start and stop your workout at anytime with the simple touch of a button.

**QUICK ADJUST SEAT** › For easy, secure seat adjustments, users simply adjust pop pin and quickly slide the seat to the desired position.

**HIGH-DENSITY FOAM GRIPS** › These non-slip handlebars are ergonomically designed to cut down on fatigue and prevent discomfort. Integrated elbow pads give you the comfort and support you need during your ride.

**HUTCHINSON® BELT DRIVE SYSTEM** › One of our quietest drive systems, the belt drive offers a smooth ride and a comfortable workout.

**2-PIECE CRANK** › Enjoy a smooth, comfortable ride. Separating the spindle from the crank creates a strong, durable design and a more realistic biking experience.

**LARGE, SELF-LEVELING PEDALS** › These articulating pedals keep your feet level, reducing ankle rotation and making your workout more comfortable. Plus you can adjust the fitting to make sure your feet stay securely on the pedals while exercising, letting you focus on working out!

**BUILT-IN WORKOUTS** › Take the guesswork out of your workout with these built-in programs. Choose between preset workouts, fitness tests, or heart rate control workouts with the quick touch of a button.
