

The History of Silky Saws

Silky Saws are manufactured in the Ono region of Japan, famous for its consistently high-quality Japanese steel with the lowest amount of impurities. With nearly 100 years of hand saw technology & superior craftsmanship, these saws remain unmatched by any other saw on the market.

Company Info

UM Kogyo, Inc. Hyogo, Japan

Sherrill, Inc. Greensboro, North Carolina

Silky saws are manufactured in Ono Japan, home of the finest cutlery steel known to man. Crafting fine wood cutting saws since the early 1900's, Silky continues to raise the bar for quality, endurance and cutting efficiency that none can match. Leading the industry in both design and innovation, saw users are changing their language in all parts of the world from merely asking for a saw, to asking for a Silky.

Silky saws are distributed in the USA and Central America by Sherrill, Inc.
