SIGNATURE FEATURES

**Ultimate Clean with Dual OrbitClean**

The Dual OrbitClean Wash System removes tough, dried and baked on food better than any other dishwasher.¹

**Excellent Drying Performance**

The fastest, best overall drying performance with MaxBoost™ Dry.²

**Cleans Dishes of All Sizes**

SpaceWise® Adjustable Rack allows you to adjust your top rack with ease. Quickly raise and lower your rack to fit dishes and kitchen tools of all shapes and sizes.

**Time-Saving 34-Minute Quick Wash**

Saves you time — cleans dishes in 34 minutes.

**MORE EASY-TO-USE FEATURES**

- **Automatically Adjusts Cycles Taking the Guesswork Out of Cleaning**
  DishSense™ Technology automatically adjusts the wash cycle based on how much cleaning your dishes need for an effective clean.

- **National Sanitation Foundation® Certified**
  Sanitize cycle removes 99.9% of common household bacteria.³

- **Cleans 14 Place Settings**
  Clean up to 14 place settings in one cycle.

- **Multiple Cleaning Cycle Options**
  Features easy-to-use cleaning cycle options including Rinse Only, Heavy Clean and Upper Rack.

- **Energy Saver Plus Cycle**
  Eco-friendly cycle uses less energy without compromising cleaning performance.

- **ENERGY STAR®-Certified**
  Maximize your energy and dollar savings with ENERGY STAR®-Certified Appliances.

- **Quiet Operation Won’t Run You Out of the Room**
  So quiet you can run your dishwasher while you’re in the same room — runs at only 49 dBAs.

- **Adjustable Washing Pressure**
  AquaSurge™ Technology allows you to adjust washing pressure based on your needs.

- **Smudge-Proof™ Stainless Steel Finish**
  Resists fingerprints and cleans easily.

**CERTIFICATIONS**

- **ENERGY STAR®**

- **NSF® International Certification**
  Our products meet the NSF® testing standards.

¹ Wash performance tested among competitive units under $799.
² Dry performance tested among competitive units under $799.
³ Our products meet the NSF® testing standards.

INSTALLATION SPECIFICATIONS

- Product Shipping Weight (approx.) – 83 Lbs.
- Voltage Rating – 120V / 60 Hz / 15 Amps (maximum 20 Amps if connected with disposer)
- Connected Load (kW Rating) @ 120 Volts = 1.20kW (For use on adequately wired 120V, dedicated circuit having 2-wire service with a separate ground wire. Appliance must be grounded for safe operation.)
- Amps @ 120V = 10 Amps
- Always consult local and national electric & plumbing codes. Meets requirements of ASSE 1006—integral air gap on supply.
- Water Pressure – Hot water line to dishwasher must provide between 20 and 120 pounds per square inch (psi) with at least 120°F hot water temperature.
- Make sure location has correct drain, water and electrical outlets to make connections—MUST be confined to shaded areas.
- Electrical and water supplies should enter cabinet opening on floor, or through back or side walls, as shown in shaded areas.
- Keep back free of drain, water & electrical supply.
- Connections preferably located toward left side of dishwasher. Do not cross drain, water or electrical lines in front of motor, blower or frame.
- If connecting drain hose to sink trap, local code may require installation of Air Gap Kit (not included).
- Leveling legs supplied to adjust height.
- When installing adjacent to wall, cabinet or other obstruction that extends beyond front edge of unit, allow 2” minimum clearance between opened door and obstruction.
- Floor should be flat and free of obstructions with carpet removed to provide motor clearance.
- When installing at end of cabinet line, sides and back must be fully enclosed.
- Do not install unit under a cooktop, damage will occur.
- Recommended to seal cabinets, enclosing all sides of dishwasher, including underside of countertop, with oil-based paint or moisture-proof polyurethane to prevent possible steam/moisture damage.

Note: For planning purposes only. Always consult local and national electric, gas and plumbing codes. Refer to Product Installation Guide for detailed installation instructions on the web at frigidaire.com.
