In-Sure™ Push-In Wire Connectors

- High quality, secure connections
- Clear shell gives visual verification of connection
- Ergonomic design for easy grip and comfort
- Low insertion force for fast connections
- Fits any combination of #12-18 AWG solid and stranded copper wires

Easily Accepts Stranded or Solid Wire

Available in 2, 3 and 4 port models
(6 port model available soon)
If it's IDEAL, it's a quality connector — and the In-Sure™ Push-In Wire Connector is no exception. Color-coded, the clear polycarbonate housing allows for visual verification of every connection. The ergonomic design of the In-Sure is easier to grip which means more comfortable push-in connections. Perfect for OEM lighting manufacturing, prefabricated wiring systems and other OEM and branch circuit wiring applications. Simply push the wire in — the low insertion force makes it easy. UL Listed, CSA Certified and rated to 600V and 105C. In-Sure saves time and improves productivity while perfecting connections.

**In-Sure™ Push-In Wire Connectors**

Great for residential applications as well.
