

Kryptonight Max Visibility

DESCRIPTION

Tenax Kryptonight is manufactured in a UV stabilized, fluorescent yellow-green color and is ideal for areas where high visibility is needed. Tenax Kryptonight also complements fluorescent stop signs, vests and cones, which are now used in most municipalities. Tenax Kryptonight High Visibility is so visual that it can even be seen by most color blind people. Tenax Kryptonight is so unique it was awarded a patent.

USES

- Extreme visual barrier around construction sites, parking lots and warehouses
- Extreme visual barrier for use around hazard, traffic or pedestrian areas
- Reusable visual barrier for property delineation or home construction

BENEFITS

- Lightweight - easy to carry and handle
- UV stabilized - long lasting
- Reusable, recyclable and affordable
- Won't rust, rot or corrode
- Highly visible fluorescent green color

PRODUCT INFORMATION

Size	Mesh Size	Color	Product Code
4' x 50'	1.75" x 1.75"*	Fluorescent Green	2A050121
4' x 100'	1.75" x 1.75"*	Fluorescent Green	2A040003

*Dimensional attributes of products could vary up to +/- 5% due to the nature of thermoplastic materials
