Add Profits and excitement
at your paint counter

Sell high quality roller covers! Inferior applicators will produce inferior results even with the best paint.

Profits - Sell a Roller Keeper™ with each color paint, your customers can store the roller covers until the job is done and use them in the future for a perfect touch-up

Results - Selling Roller Keepers and high quality roller covers equates to higher sales and a better painting experience for your customers

The Environment - water is conserved and landfill waste is reduced using the Roller Keeper™

Institutional Users - such as nursing homes, hospitals, apartment complexes, schools, hotels and dormitories love the Roller Keeper™

Eliminates - the argument "*I will just throw them away*" for purchasing and selling inferior roller covers
