# Truck Tool and Storage Box Solutions

## Handcrafted, Developed with the Professional Contractor in Mind

### Seal-Tite Storage Boxes

Industrial grade boxes are designed to endure and perform. Aerodynamic, domed-lid design adds extra strength and durability. Available in bright .080 diamond tread aluminum or smooth .070 polished aluminum finishes.

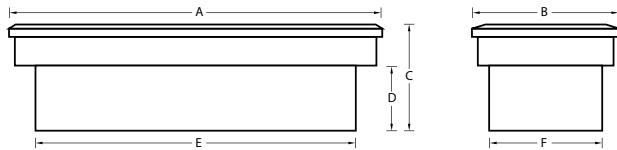

- Durable, premium diamond tread aluminum construction
- Easy access with self-rising lid
- Convenient push button entry for single-handed box entry
- Weather-resistant seals keep moisture out
- Quick no drill installation (hardware included)
- Backed by LUND's Limited Lifetime Warranty

### Seal-Tite Single Lid Cross Bed Boxes

High-domed-lid roof offers additional storage room, while providing under the box clearance for full bed utilization.

- Convenient side pocket organizers
- Deep, four-section sliding tray
- Weather-resistant seal keeps moisture out

## Challenger Storage Boxes

Strength and functionality, critical to the professional, are standard across the Challenger™ line of storage boxes.

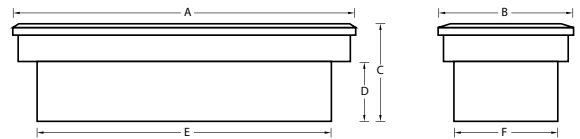

- Structured foam-filled lids add extra strength and durability
- Easy access with self-rising lid
- Lockable, quick-release stainless paddle handles
- Weather-resistant seals keep moisture out
- Hand welded for durability and strength
- Quick no drill installation (hardware included)
- Backed by LUND's Limited Lifetime Warranty
- Latch cover encloses locking system, helping to prevent box content damage or lock interference.

## Challenger Single Lid Cross Bed Boxes

Features a long, single-lid design, ideal for storage of sporting goods, camping equipment, or bulky tools. Clearance under the box allows for additional use of the truck bed for oversized cargo.

- Convenient side pockets
- Heavy-duty sliding, lockable tool tray
- Non-skid rubber floor mat and installation kit included
- Features 2 built in tool holders

## Aluminum Standard LUND Boxes

### Aluminum Box Overview Features:

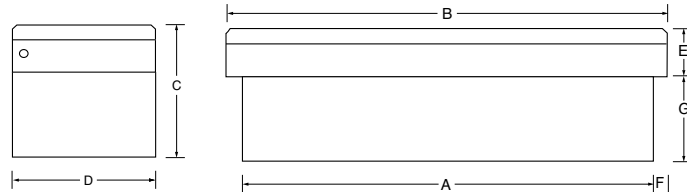

- 90° lid opening is included on all aluminum and steel cross beds
- Side pockets are included on all Cross Beds except low profile models

## Standard Cross Bed Boxes

Designed to fit most full-size trucks, these boxes maximize storage space while providing access to additional storage underneath the box. Premium features include interior side pockets, a 4-section sliding tool tray and secure commercial grade locking latches. Available in brite aluminum or black powder coat finishes.

- Single-lid design allows storage of larger equipment
- Heavy-duty diamond plate
- Hand-welded by expert craftsman
- Easy grip, 3-finger paddle handles for single-hand entry
- Commercial-grade steel locking latch securely riveted to box
- Encased locking arm system protects box contents during use
- Weatherproof gasket seals tight to prevent leakage

### Low Profile Cross Bed Boxes

Provides maximum rear window visibility and features aerodynamic styling to complement the truck design.

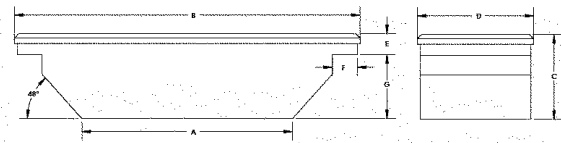

- Domed, aerodynamic, foam-filled lid adds strength, reduces drag
- Maintains ample bed access under box
- Easy grip, 3-finger paddle handles for single-hand entry
- Single lid design allows for easy storage of larger items

## Aluminum Cross Bed Dog Boxes

Heavy-duty aluminum dog boxes are designed to keep pets safe, comfortable and secure. Generous air vents provide a well-ventilated, comfortable shelter. Extra compartment stores guns, ammo, and other gear. Available in aluminum cross bed or chest style dog boxes.

- Designed to fit most full-size light duty trucks
- Rust, corrosion-resistant finish
- Features sturdy locking paddle handles
- Foam filled inter-compartment to protect shotguns

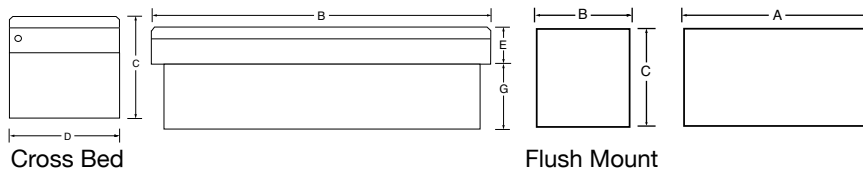

## Chest Dog Boxes

Heavy-duty diamond plated aluminum is durable and portable, light enough to hand carry. Versatile carry handles double as tie downs during transit.

- Available in 36"X48" up to 48"X48"
- Designed to fit most pickups
- Rust, corrosion-resistant finish
- Features sturdy locking T-handles
- Divider included on both units
- Air vents keep box interior well ventilated
- Ideal for sportsmen and hunters

## Liquid Storage Tanks

Offers a safe, convenient way to transport liquids. Each durable tank is hand welded for strength and reliability; available in heavy-duty aluminum; capacity ranges from 30 to 100 gallons; and configurations of rectangular, vertical or L-shaped to meet most truck applications.

- L-shaped tanks are designed to be used with full-size, cross-bed and saddle boxes
- Rectangular tanks are designed for full-size trucks
- Lockable vent caps to prevent contamination
- Secure steel plate bed flange mounting plates help anchor tanks
- Baffles reinforce tank walls and reduce fluid movement during transport
- Rust resistant Brite aluminum or black powder coat finishes
- Limited Lifetime Warranty

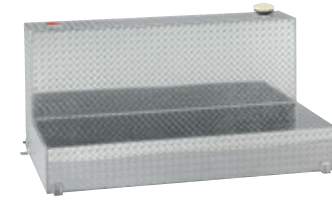

### Usage Notes:

- Not intended for transferring gasoline or other flammables
- Not intended for use as an auxiliary fuel tank
- Does not meet DOT specifications

## Combo, Rectangle, and Vertical Storage Tanks

Unique shape maximizes space and offers convenient liquid storage transferability with 80 or 90-gallon tanks combined with the storage capacity of a 48" and 56" storage chest.

### Chest Features:

- Aerodynamic domed-lid adds tank strength and reduces drag
- Removable, portable chest provides durable, secure storage for tools and accessories
- Self-rising lid provides easy access
- Lockable, 3-finger (stainless steel) paddle handles secure contents
- Weather-tight seal locks out moisture, dust and debris

DISCLAIMER: Load capacity SHOULD NOT exceed the vehicle manufacturer cargo and/or entire vehicle capacity rating. Consult vehicle manufacturer for capacity ratings

## Steel Cross Bed Boxes

### Steel Overview Features:

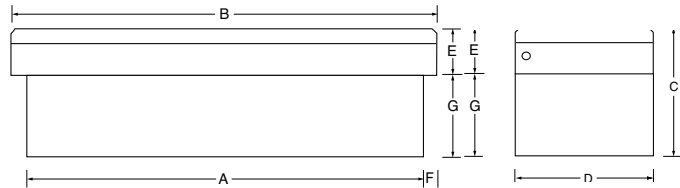

- 22-gauge steel
- Paints are electrostatically applied to maximize resistance to abrasion and corrosion
- Aerodynamic, domed-lid adds strength
- Ethafoam mounting strips protect truck's finish
- Sturdy, one-piece, no sag base design
- 90° opening lid is included on all aluminum and steel cross beds
- Side pockets are included on all Cross Beds except low profile models

## Steel Cross Bed Boxes

Offering one of the largest selections for professionals needing rugged, reliable truck storage. Boxes are constructed with heavy-duty, 22-gauge steel and feature an aerodynamic, domed-lid adding box strength while reducing drag. The long single piano hinge box lid features a self-rising lid enabling convenient access and single-hand entry—operating smoothly even in the harshest weather conditions.

- Self-rising lid, stays open at a 90° angle
- Easy grip, 3-finger double latch, lockable paddle handles protect content
- Weatherproof pliable gaskets seal tightly to keep moisture out
- Electrostatically applied paint maximizes resistance to abrasion and corrosion
- Ethafoam mounting strips protect finish
- Available in sizes: 51", 60" and 72"
- White or black powder coat finishes

## LUND Steel Liquid Storage Tanks

LUND Liquid Storage Tanks offer a safe and convenient way to transport liquids. Each tank is constructed of 14-gauge steel, hand-welded for strength and reliability; capacity ranges from 30 to 190 gallons; and configurations of rectangular, vertical or L-shaped to meet most truck applications.

### L-Shaped Tank Features:

- Designed to be used with full-size, cross-bed and saddle boxes
- Lockable vent caps to help eliminate tampering
- Easy installation with heavy-duty lifting loops
- Secure steel plate bed flange mounting plates help anchor tanks
- Baffles reduce fluid movement during transport and reinforce tank walls
- Ethafoam mounting strips protect truck's finish
- Sturdy, one-piece, no sag base design
- White or black powder coated finishes
- Backed by Lund's Limited Lifetime Warranty

### Usage Notes:

- Not intended for transferring gasoline or other flammables
- Not intended for use as an auxiliary fuel tank
- Does not meet DOT specifications

Maximize your space! COMBO Liquid Storage L-Shaped Tank and Chest Tanks offer convenient liquid storage transferability with 80 to 90 gallon tanks, combined with the storage capacity of our 48" and 56" storage chests in one complete unit.

### Chest Features:

- Removable, portable chest provides durable, secure storage for tools and accessories
- Aerodynamically designed domed-lid add strength
- Easy access with self-rising lid
- Stainless steel paddle handles
- Weather-tight seals lock-out moisture, dust, and debris

### Structured Foam Lid (SFL) Series Cross Beds Boxes

Available for mid to full-size trucks, these boxes offer the strongest, most rigid box lid on the market able to withstand up to 500 lbs. of cargo weight and years of wear and tear. Boxes provide plenty of room for large tools and equipment, feature side pocket organizers and a heavy-duty, sliding tray.

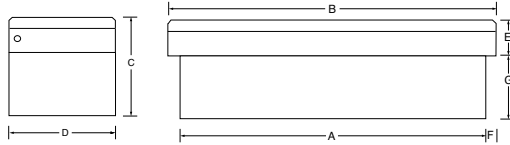

- Structured, foam-filled lid will not warp or bend
- Easy grip, 3-finger double latch, stainless steel locking paddle handles
- Weather-tight seal keeps moisture out
- Linkage cover separates box contents from latch system
- Optional push button rotary latch available on several models

5400DBT

## Commercial PRO HD Cross Bed Boxes

Constructed with heavy-duty .080 diamond plate aluminum or 16-gauge steel reinforced by expert craftsman hand TIG welded seams. PRO HD boxes keep equipment safe and dry with a reinforced and insulated high dome lid featuring an ultra-tight weatherproof bulb seal, adjustable J-bolt striker mount, and heavy-duty aluminum piano-style hinge that bolts lid to box body for unequalled strength and durability - even in the coldest weather.

### Aluminum:

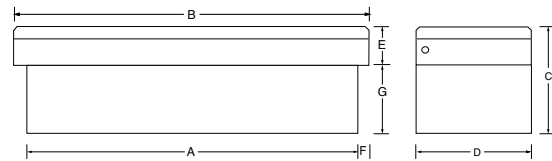

- .080" diamond tread plated aluminum – 30% thicker than standard boxes
- Domed, aerodynamic lid adds strength, reduces drag
- Commercial push button locking rotary latch for easy single-hand use

### Steel:

- Constructed with heavy-duty 16-gauge steel
- Secure, 3-finger lockable double latch, paddle handles
- Steel hinges for long life in all weather conditions

### Features for both Aluminum and Steel PRO HD Boxes:

- Full 90° automatic self-rising lid, easy access
- Steel D-ring tie downs
- Side pockets organizers
- Single lid and gull-wing styles available
- Protective linkage cover
- Rigid foam filled lid for increased box strength
- Commercial D-shaped weather-resistant gaskets keep moisture out
- No-weld installation bolts lid onto box body for heavy rugged long life
- Sectioned, movable, and lockable steel tray
- Includes no-drill mounting hardware and non-skid mat
- Corrosion- and abrasion-resistant
- White or black powder coated finishes

## Commercial PRO HD Side Bin Boxes

Constructed with heavy duty .080 diamond plate aluminum or 16-gauge steel reinforced by hand TIG welded seams. Side bin boxes install along truck bed rail allowing for full view of the road, and convenient storage and access to tools and equipment.

### Aluminum:

- .080" diamond tread plated aluminum – 30% thicker than standard boxes
- Domed aerodynamic lid reduces drag

### Steel:

- Constructed with heavy duty 16-gauge steel
- Steel hinges for long life in all weather conditions

### Features for both aluminum and steel PRO HD Boxes:

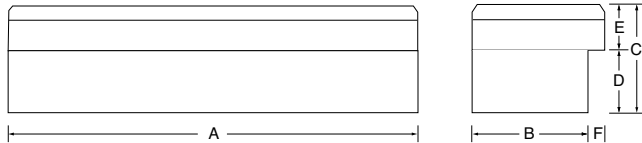

- Easy access with self-rising lid
- Secure, 3-finger lockable double latch, stainless steel paddle handles
- Steel D-ring tie downs
- Interior pockets for extra storage
- Protective linkage cover
- Rust and abrasion resistant
- Foam-filled lid for increased box strength
- Commercial D-shaped weather resistant gaskets keep moisture out
- No-weld installation bolts lid onto box body for heavy rugged long life
- Brite aluminum, black or white powder coat finishes

Replacement latches for truck tool boxes

- 1 year limited warranty

5212

**TPHC108-Replacement Paddle Handle Cam with Key**

- 1 year limited warranty

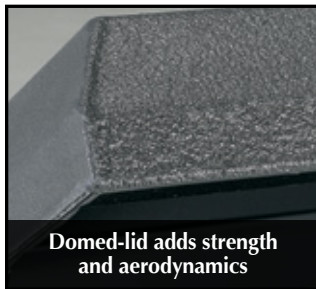

# Why Add Armor-X™ Coating?

Armor-X Coating is a thick, seamless elastic polyurethane lining designed to extend the life of your box under harsh conditions. Armor-X Coating applied to LUND specialty boxes will protect against petroleum, chemicals, corrosion and abrasion.

Armor-X Coating formulations are 100% solids, environmentally friendly, contain no VOCs, CFCs, or solvents.

ARMOR-X™ COATING

**Domed-lid adds strength and aerodynamics**

**Strong, lockable paddle handles protect valuables**

**Gas cylinders allow easy access**

**Weatherproof gasket prevents leakage**

## Benefits of LUND's Armor-X Coating: Specialty Boxes

- Bonds permanently with steel and extends the life of your specialty box
- Coatings are guaranteed not to crack or peel
- Shrugs off impact and protects against scratches
- Delivers superior toughness, skid resistant
- Non-porous, easy to clean
- 100% resistant to water, oil, grease, chemicals, acids, fertilizers and salts

Armor-X Coating applied to LUND boxes fit most full-size trucks, constructed with heavy-duty steel with hand TIG welded seams. Reinforced and insulated lid, ultra-tight weatherproof seal, adjustable J-bolt striker mount, and heavy-duty aluminum piano-style hinge bolting lid to box body provide unequalled strength and durability, even in the coldest weather.

Easy, no-drill, J-hook mounting hardware and rubber mat are included.

- Self-rising lid, easy access
- 3-Finger, stainless steel, lockable double-latch paddle handles
- Interior pockets for additional storage
- Commercial D-shaped rubber weather-resistant seal
- Lid bolts onto the body (not spot welded) for extended life
- Ethafoam mounting strips protect truck's finish
- Sturdy, one-piece, no-sag base design
- Ample storage space under truck box
- Full lid and gull-wing design
- Backed by Limited Lifetime Warranty
- Flush mount design provides an unobstructed view of the road
- Angled at bottom of front and side walls to accommodate sloped bed walls and wheel wells
- Offset lid construction allows lid to open fully without back wall interference

## Armor-X Coating, Extra Protection

ONLY LUND boxes feature Armor-X Coating for that extra, heavy-duty sealed protection from leaks, dents, scratches, corrosion, chemicals and many other hazards.

Armor-X Coating formulations are 100% solids, environmentally friendly, contain no VOCs, CFCs, or solvents.

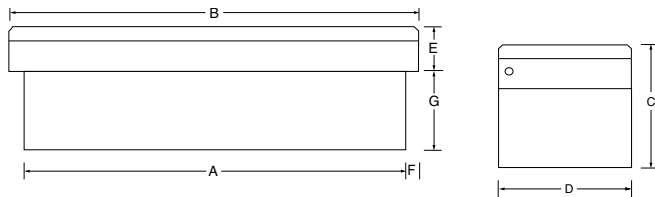

### Armor-X Coating: Cross Bed Boxes

Our Armor-X Coating cross bed boxes allow ample storage underneath with models in Full Lid or Gull Wing.

- Heavy-duty steel construction
- Sturdy, one-piece, no sag base design
- Aerodynamic-domed lid adds strength, reduces drag
- Easy access with self-rising lid
- Strong, lockable paddle handles
- Ethafoam mounting strips protect truck's finish
- Fits most full-size trucks
- Weather proof gasket prevents leakage

6150RH

MODEL	DESCRIPTION	STYLE	CUBIC FT	SIZE	DIMENSIONS IN INCHES						
					A	B	C	D	E	F	G
6150RH	70" Cross Bed Single Lid	Black	12.90	Full	60.75	70.25	15.50	20.50	7.00	4.25	9.75
6451RH	70" Cross Bed Gull-Wing	Black	12.90	Full	60.75	70.25	15.50	20.50	7.00	4.25	9.75

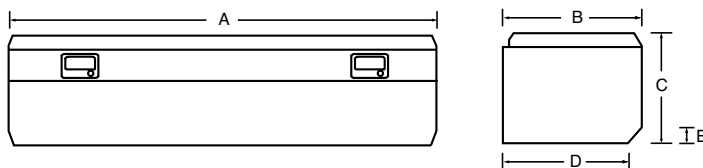

### Armor-X Coating: Flush Mount Box

Flush mount design provides an unobstructed view of the road. Angled at bottom of front and side walls to accommodate sloped bed walls and wheel wells. Offset lid construction allows lid to open fully without back wall interference.

- Sturdy, one-piece, no sag base design
- Aerodynamic-lid adds strength, reduces drag
- Easy access with self-rising lid
- Strong, lockable paddle handles
- Ethafoam mounting strips protect truck's finish
- Weatherproof gasket prevents leakage

### Armor-X Coating: Trailer Tongue Boxes

Ideal for storing boat, personal water craft, equestrian, motorcycle and snowmobile accessories, as well as construction equipment. Trailer tongue boxes are a great solution for unused space.

- Notched lid fits flush against trailer wall
- Secure-locking mechanism
- Lid available in brite aluminum or Armor-X Coating finish
- Aerodynamic-domed lid adds strength, reduces drag
- Easy access with self-rising lid
- Strong, lockable paddle handle

MODEL	DESCRIPTION	STYLE	CUBIC FT	SIZE	DIMENSIONS IN INCHES			
					A	B	C	D
6220RH	16" Trailer Tongue Box	Black	4.00	Small	34.00	21.00	18.00	16.00
6221RH	16" Trailer Tongue Box	Black/Brite	4.00	Small	34.00	21.00	18.00	16.00

6235RH	21" Trailer Tongue Box	Black/Brite	4.10	Medium	34.00	16.00	22.50	21.00

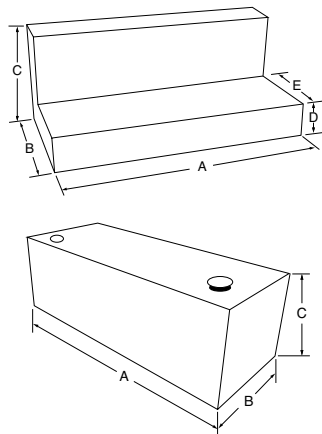

### Armor-X Coating: Liquid Storage Tanks

Tanks are available in rectangular and L-shaped configurations to meet a variety of applications.

- L-shaped tanks accommodate full-size, flush-mount chests, cross bed boxes and saddle boxes
- Base mounting tabs for secure, easy installation
- Baffles provide an even flow of liquid
- Lockable vent caps to prevent tampering

**NOTE:**

- Not intended for transferring gasoline or other flammables, and should not be used as an auxiliary fuel tank
- Does not meet DOT specifications

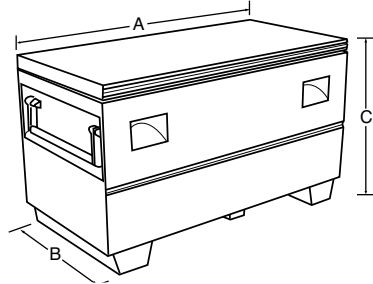

MODEL	DESCRIPTION	STYLE	SIZE	DIMENSIONS IN INCHES				
				A	B	C	D	E
3292RH	92 Gallon L-Shaped Tank	Black	54.00	31.00	25.00	8.50	20.50	20.50

### Armor-X Coating: Job Site Box

LUND Job Site Boxes are packed with features to last a lifetime.

- 16-gauge steel
- Self-enclosed hinge systems prevent tampering
- Recessed padlock inlets
- Fold-down, recessed side handles
- Protected with Armor-X Coating
- Sturdy, one-piece, no sag base design

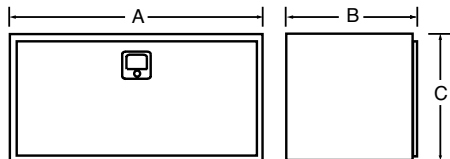

MODEL	DESCRIPTION	STYLE	CUBIC FT	SIZE	DIMENSIONS IN INCHES		
					A	B	C
6549RH	48" HD Medium Job Site Box	Black	4.70	Med	48.00	24.00	28.00

### Armor-X Coating: Underbody Boxes

Underbody boxes provide a secure, convenient storage solution.

- Weatherproof gasket prevents leakage
- Coated steel cable allows lid to remain open at a 90° angle
- Locking, stainless steel, flush mount T-handle provides security
- Lid available in brite aluminum or Armor-X Coating finish
- Sturdy, one-piece, no sag base design

## In Store Displays

- Increase product visibility
- Tradesman Truck Box program
- Displays assemble in minutes
- Potential double-digit sales lift

**Note:** Recommendations are based on distance between bed rails. Other factors may affect the suggested application, including location of wheel wells, fuel filler caps and bedliners. Measuring the vehicle is highly recommended to obtain the best fit.
