

## WARRANTY CERTIFICATE

### FORMUFIT PVC Pipe, Fittings & Accessories 1 Year Limited Warranty

#### Warranty period

FORMUFIT warrants to the original purchaser that this product is free from defects in materials and workmanship for the period of one (1) year from the date of purchase. This warranty does not apply to damage due directly or indirectly to misuse, abuse negligence or accidents; modifications or alterations outside the stock product; or to lack of maintenance. We shall in no event be liable for death, injuries to persons or property or for incidental, contingent, special or consequential damages arising from the use of our product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this above limitation of exclusion may not apply to you.

This warranty gives you specific legal rights and you may also the other rights which vary from state to state.

#### Warranty conditions

- The Buyer is required to inspect the goods upon receipt from the seller. Subsequent claims related to obvious defects are not accepted by FORMUFIT.
- Any claims on the purchased product, the buyer must submit in all cases only through the dealer from whom the goods were purchased. Prepare your original purchase receipt and to apply for the extended warranty you will also need the warranty certificate.
- Products used in plumbing applications are not applicable, since FORMUFIT products are not designed for plumbing applications, nor are NSF certified.
- The right to claim both standard warranties given by the manufacturer expires:
  - Failure to present the original proof of purchase in case of a claim
  - Damage to the goods during transportation (such damage must be claimed directly with the shipping forwarder)
  - Use of goods in conditions that do not match the allowed temperature, dust, moisture, chemical and mechanical environmental influences, usual for the product.
  - Unprofessional installation, handling, operation, or negligence of goods (eg. non-standard use)
  - If the goods are damaged by excessive load or use contrary to the allowed conditions specified by the general principles of handling of such products
  - Warranty does not cover wear and tear caused by normal use.
