Rounded Mug

Sinkology rounded copper mugs provide the ideal chill needed to keep your cocktail cool. The rounded version of our moscow mule copper mugs provide an additional 2 fl. oz. of extra capacity (total of 22 fl. oz.) and a little more heft than the standard version.

The conductive nature of copper helps to keep your ice from diluting your cocktail and has a cool, refreshing feel against your lips. All Sinkology copper mugs are made with a polished copper handle that doesn’t transfer body heat so that your cocktail won’t prematurely warm.

Some experts even say that the copper mug enhances the flavor and aroma of the Moscow Mule and other drinks. Plus, it looks great next to your copper kitchen sink or copper bar sink.

- 4.375” high, 3.5” diameter
- 22 fl. oz. capacity solid copper mug that weighs 0.95 lbs
- Handmade from pure, solid copper with no inner lining
- Copper will age naturally and form a rich patina for a unique look
- Hand wash only, food safe, not microwave or dishwasher safe
- Lifetime warranty
- As always, please drink responsibly

Straight Mug

Sinkology copper mugs provide the ideal chill needed to keep your cocktail cool through the conductive nature of copper. These solid copper mugs will help to keep your ice from diluting your cocktail and will hit your lips with a cool chill every time you drink.

When using a Sinkology copper mug, sip your drink near the polished copper mug’s handle, which doesn’t transfer body heat, so that your Moscow Mule or other cocktail won’t prematurely warm.

The cold temperature also helps to maintain the carbonation of ginger beer, ales, and other carbonated beverages, keeping supreme fizziness from first sip to last.

- 4.875” high, 3.5” diameter
- Straight sided mugs are 20 fl. oz. capacity and weigh 0.8 lbs
- The perfect barware to complement your copper bar sink
- Handmade from pure, solid copper at our workshop
- Solid copper mug has no inner lining – no tin or aluminum
- Hand wash only, food safe, not microwave or dishwasher safe
- Lifetime warranty
- As always, please drink responsibly

#SHB01-MSC, Set of 2 #SHB01-MSC-2

Whether you are measuring to mix a drink or taking shots with your friends, the Sinkology solid copper shot glasses provide a classic look to your copper bar sink.

- 2.75” high, 1.5” diameter
- 1.25 fl. oz. capacity solid copper shot glass that weighs 0.1 lbs
- Comes in quantities of 2 or 4
- Handmade from pure, solid copper with no inner lining
- Copper will age naturally and form a rich patina that gives each shot glass a unique look
- Hand wash only, food safe, not microwave or dishwasher safe
- Lifetime warranty
- As always, please drink responsibly

Set of 2 #SHB03-S2C, Set of 4 # SHB03-S2C-S4C
Ice Bucket

The Sinkology copper ice bucket is made from pure, solid copper to help keep your ice nice and cold. The conductive nature of copper will help to keep your ice from melting so you can keep your guests’ cocktails chilled all night. Not a cocktail drinker? Use this copper ice bucket to keep your champagne and white wine on ice. The copper ice bucket comes with a lifetime warranty.

- 9” high, 8” diameter, 3.15 lbs.
- The perfect barware to complement your copper bar sink
- Handmade from pure, solid copper – handcrafted at our workshop by our team of skilled coppersmiths
- Copper is a great conductor, helps keep your ice frozen for longer
- Two copper handles to keep you from transferring body heat when you move the copper ice bucket
- Copper will age naturally and form a rich patina that give the ice bucket a unique look
- Hand wash only, food safe, not microwave or dishwasher safe
- Lifetime warranty
- As always, please drink responsibly
