

Warranty

Thank you for your recent purchases of a KAS rug. This rug is under warranty for manufacturing defects for a period of 1 year from the date of purchase under normal usage. Commercial wear and damage caused by negligent use or care is not covered. Please contact the retailer from where the purchase was made if you have any questions or concerns.

Kas rugs are manufactured to last many years depending on the usage and care. Some are more suitable for high traffic areas while others will not wear well in environments with high traffic or pets. Please consult your retailer for more information on the right rug for the many areas of your home.

Guidelines to help preserve the life of your area rug:

Rug Pad

Lay down with rug pad underneath when placing on any floor surface. This will extend the life of the rug, protect your flooring, and reduce slip. The manufacturer is not responsible for damage to base flooring.

Maintenance

Vacuum as needed. Do not use a beater bar on vacuum or use floor attachment.

Vacuum in direction of rug pile not against it.

Rotate annually for even wear. Protect from direct sunlight.

Cleaning

Professionally clean when needed. Do not use water saturation methods. Blot spills immediately. Spot clean stains with mild dry detergent. Do not use spot cleaners. Blot excess water from cleaning and dry thoroughly. Otherwise, any moisture will attract dirt.
