breathe

THE DRAGON Garage Fan delivers a *sigh of relief!*

Why Ventilate an Attached Garage?

Garages attached to houses are used to store all sorts of hazardous products that you would not want to store in your home. Volatile liquids such as paints, gasoline and oil for the lawn mower, cleaners, charcoal starter fluid and propane all add their fumes to the toxic soup of unhealthy air waiting to seep into your home. This could be the unhealthiest air you and your family will ever breathe. Green building and healthy home programs everywhere recommend using a garage exhaust fan.

Get *THE DRAGON* and clear the air!

Your Garage is waiting to **EXHALE!**

The Dragon is an easy to install, wall mounted garage fan that is energy efficient and completely maintenance free!

Designed for easy through the wall installation, The Dragon features a powerful external rotor motor plus a built-in spring loaded backdraft damper preventing insects from entering duct work.

Dimensions inches/mm

| Model | A | B | C | C1 | C2 | D |
|---------------|--------|---------|---------|-------|--------|-----|
| DR-150 | 15 1/2 | 13 1/4 | 10 3/16 | 3 | 2 7/16 | 6 |
| | 394 | 337 | 256 | 76 | 62 | 150 |
| DR-200 | 15 1/2 | 16 1/16 | 11 7/16 | 3 3/8 | 2 7/16 | 8 |
| | 394 | 408 | 290 | 87 | 62 | 200 |

Performance

| Model | RPM | Volts | Frequency | Current | Watts | CFM vs. Static Pressure (SP) Ins. WG | | | | | | | | |
|---------------|------|-------|-----------|---------|-------|--------------------------------------|--------|-------|--------|------|-------|------|-------|------|
| | | | | | | 0" | 0.125" | 0.25" | 0.375" | 0.5" | 0.75" | 1.0" | 1.25" | 1.5" |
| DR-150 | 2600 | 120 | 60 Hz | 0.8 A | 90 | 235 | 221 | 197 | 181 | 168 | 122 | 81 | 60 | 27 |
| DR-200 | 2800 | 120 | 60 Hz | 1.0 A | 115 | 416 | 395 | 368 | 341 | 324 | 287 | 233 | 184 | 132 |
