Install

A Complete Tile Spacing & Leveling System for all your Floor & Wall Installations.

Miracle Sealants Introduces a Revolutionary Tile Spacer & Leveling System - Revolution. Revolution is a patented system endorsed and used by Industry Professionals. Revolution enables fast & perfectly level tile installations on both floor and wall installs. This system is available in 3 spacer sizes (1/16", 1/8", 3/16") and 3 different spacer profiles (Cross, Tee, Flat). Revolution allows anyone to install perfectly spaced flat tiles on both floors and walls even if it is your first installation.

Large format Tile floor Install

Floor & Wall Tile Install

Revolution

TILE SPACING & LEVELING SYSTEM FOR:

- Floor & Wall Installations
- All Tile & Natural Stone Tiles
- All Tile Sizes

Revolution is a revolutionary tile spacing & leveling system designed for all tiles, especially large format tile. Revolution's unique system requires only one piece per intersection regardless of the tile size, so you are laying tiles instead of extra spacers. This results in more productivity, saving you time & money.

SPECIAL FEATURES:

- Interior & Exterior Use
- Fast & Level Installs
- Tile Spacer & Leveling Anchor in one piece
- Available in 3 Spacer sizes
- Endorsed & used by Industry Professionals
- Floor & Wall Installs
- Saves Time & Money
- Patented System
- Re-Usable Caps

System Components: Evolver Tool, DeCapper Tool, Caps, Spacers

Spacer sizes: 1/16" - 1/8" - 3/16"

Spacer Profiles: (+) Cross for general stack bond, (T) Tee for brick pattern, (-) Flat for edges and walls.

Granite & Marble Clean & Polish

FOR USE ON SEALED STONE & HARD SURFACE COUNTER TOPS INCLUDING:

- Granite
- Limestone
- Marble
- Onyx
- Quartz
- Porcelain & Ceramic Tile
- All other Polished & Natural Stones
- All Composite-made counter tops
- NOT FOR USE ON FLOORS

Granite & Marble Clean & Polish is a convenient aerosol used for cleaning and polishing of sealed stone and all hard surface counter tops. This two-in-one product efficiently cleans and polishes in one step. Just simply spray, wipe and buff. Granite & Marble Clean & Polish contains a super wetting agent which improves the penetration of cleaning ingredients to deliver that deep clean. It also contains an environmentally friendly detergent to enhance cleaning and degreasing. After its first use this formula forms an invisible barrier to aid in the prevention of soap scum and hard water build up while adding back that surface polish.

SPECIAL FEATURES:

- Phosphate Free
- No Rinse
- Foaming Action
- Easy-to-Use
- Non Streaking
- Fresh Clean Scent
- Great for Shower Walls
- Ready to Use
- Fast Acting

COVERAGE: 200-400 sq. ft per 15 oz spray.

Container sizes: 15 oz. Aerosol Spray.

Protect

Marble Conditioner

COLOR & GLOSS ENHANCEMENT FOR:

- Marble
- Agglomerates
- Terrazzo
- Travertine

Marble Conditioner is a recrystallization treatment designed to maintain the polish of marble, terrazzo and agglomerate surfaces. A floor or hand buffer is necessary for this procedure. We recommend using a Marble Master MM 1000 (150 lbs & 175 rpm) floor machine or hand machine with the appropriate steel wool pads.

SPECIAL FEATURES:

- Easy-to-Use
- Makes Surface Harder
- Cost Effective
- Enhances the Polish
- Improves Slip Resistance
- Removes Light Scratches
- Enhances the Color
- Removes Etch Marks

COVERAGE: 1,000 – 5,000 square feet per gallon.

Container sizes: Gallon, Quart.

Stone Polish

NATURAL STONE POLISH FOR:

- Counter Tops
- Vanities
- Fireplaces
- Walls

Stone Polish nourishes and enriches the natural beauty and polish of marble, granite, agglomerate, terrazzo, stone counter tops, vanities, fireplaces and walls. Stone Polish is not recommended for floors. Stone Polish is easy to use, with no machinery necessary for removal.

SPECIAL FEATURES:

- Easy-to-Use
- High Shine
- NOT FOR FLOORS

COVERAGE: Up to 3,000 square feet per gallon.

Container sizes: Gallon, Quart, Pint, 8 oz. Spray.

Miracle Grout Pen

DON'T BLEACH YOUR GROUT...RENEW IT!

The safe, easy way to maintain beautiful tile areas by covering up stubborn stained grout! Much easier to use than traditional grout colorants, Miracle Grout Pen Markers dry rapidly and leave a clean, uniform grout line without harsh chemicals and is completely odorless – no fumes!

SPECIAL FEATURES:

- Covers Mildew Stains
- Non-Slip Comfort Grip
- Odorless
- Non-Toxic
- Most Grout Manufacturer Colors Available
- Easy-to-Use
- Reversible Nib
- Multiple Colors (white & buff)

COVERAGE: Up to 175 linear feet of average grout lines. Approximately 40 square feet.

Clean

Counter Kleen

MAINTENANCE CLEANER FOR:

- Marble

Tile & Stone Cleaner - All Purpose Cleaner

REGULAR CLEANING FOR ALL SURFACES INCLUDING:

- Granite
- Limestone
- Natural Stone
- Quarry Tile
- Porcelain Tile
- Marble
- Travertine
- Ceramic Tile
- Grout
- Slate

Tile & Stone Cleaner is a pH neutral cleaner designed for all tile, stone, grout and masonry surfaces. Strong enough for the professional, yet gentle enough for the do-it-yourself specialist. Tile & Stone Cleaner is a nontoxic cleaner that can handle the most difficult stains, yet is gentle enough for everyday use. It comes in both a ready to use spray and a concentrate for diluting options.

SPECIAL FEATURES:

- Interior / Exterior
- One Product = Multiple Uses
- Safe for Food Areas
- Safe For Regular Use
- Easy-to-Use
- No Odor

COVERAGE: 1,000 – 10,000 square feet per gallon.

Container Size: Gallon, Quart, 32 oz. Spray, 8 oz. Spray.

Epoxy Grout Film Remover

TO REMOVE EPOXY GROUT FILM FROM:

- Ceramic Tile
- Natural Stone
- Porcelain Tile
- Concrete

Epoxy Grout Film Remover is a non-acid cleaner designed for the removal of epoxy grout film from tile, concrete and stone surfaces.

SPECIAL FEATURES:

- Fast-Acting
- Low Odor
- Easy-to-Use
- Biodegradable

COVERAGE: 250 – 500 square feet per gallon.

Container sizes: Gallon, Quart.

Finish Sealer Stripper

WATER BASE STRIPPER FOR:

- Non-Polished Marble
- Granite
- Masonry Surfaces
- Tile
- Concrete

Finish Sealer Stripper is a fast acting, high potency stripper designed to remove exaggerated build up of wax finish or acrylic emulsions. Finish Sealer Stripper is recommended for removing High Gloss Finish Sealer and Matte Finish Sealer when necessary.

Finish Sealer Stripper is also an effective stripper for removing some epoxy grout films, heavy soil, dirt, tar, grease and other stains from porous surfaces.

SPECIAL FEATURES:

- Fast-Acting
- No Strong Odor
- Easy-to-Use
- Removes Epoxy Grout Film

COVERAGE: 200 – 300 square feet per gallon.

Container sizes: Gallon, Quart.

Poulitice Plus Powder Mix

STAIN REMOVING ABSORBENT POWDER FOR:

- All Tile
- Clay Pavers
- All Natural Stone
- Concrete & Masonry Surfaces

An easy to use, fine, non-acidic absorbent powder designed to work with different cleaners/chemicals to draw out most stains from most absorbent surface materials.

SPECIAL FEATURES:

- Fast & Effective
- Non-Acidic
- Non-Bleach

COVERAGE: Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution is left on the surface and application methods. Used as directed, Poulitice Plus will clean approximately 5 – 10 square feet per 1-pound container.

Container sizes: 1-Pound, 5-Pound and 40-Pound Containers.

Residue Remover

SEALER RESIDUE REMOVER FOR:

- Granite
- Natural Stone
- Porcelain Tile
- Concrete
- Marble
- Ceramic Tile
- Grout

Residue Remover is a unique solvent-base formula designed to remove accumulated sealer residue build-up on the surface, due to over applying solvent-base penetrating sealers/impregnators. Residue Remover is also useful for cleaning application tools for re-use.

SPECIAL FEATURES:

- Professional Grade
- Easy-to-Use
- Fast-Acting

COVERAGE: Used as directed, Residue Remover will cover approximately 500 – 2,000 square feet per gallon.

Container sizes: Gallon, Quart.

Limestone/Travertine Soap

SPECIALTY NO-RINSE MAINTENANCE CLEANER FOR:

- Honed & Textured Limestone
- Honed Terrazzo
- Honed & Textured Marble

Limestone/Travertine Soap is a specially formulated no rinse stone soap designed for easy ongoing maintenance of honed, tumbled, textured limestone, marble, travertine, terrazzo and other stone containing calcium. Limestone/Travertine Soap

produces a protective film that protects the surface of the stone. Limestone/Travertine Stone Soap only reacts with the calcium in the stone so there is no risk of buildup like a traditional floor coating.

Non-textured surfaces can be buffed with a floor machine and white nylon pad for added patina or shine. Helps recreate an old world finish.

SPECIAL FEATURES:

- Biodegradable
- Non-Toxic
- No-Rinse
- Hides Scratches & Etch Marks
- Does Not Build Up
- Easy-to-Use

COVERAGE: 1,000 – 7,000 square feet per gallon with recommended dilution ratios.

Container sizes: Gallon, Quart.

Clean

Restore

Quartz Counter Top Cleaner

MAINTENANCE CLEANER FOR:

- Quartz
- Engineered Stone

Quartz Counter Top Cleaner is a unique formula designed to remove dirt, dust and light stains from quartz, vanities and furniture. No rinsing, no streaking and no soapy residue. Just spray and wipe.

SPECIAL FEATURES:

- Easy-to-Use
- Non Streaking
- Safe for Food Areas
- Safe to Use
- No Rinse

COVERAGE: Coverage will vary depending on surface materials. Used as directed, Quartz Counter Top Cleaner will cover up to 500 square feet per 32 ounces.

Container sizes: 32 oz. Spray.

Miracle Heavy-Duty Cleaner (Acid Substitute)

Ready-to-use NO-VOC cleaner as strong as an acid without the harmful effects.

- Granite
- Natural Stone
- Limestone
- Quarry Tile
- Polished Stone
- Concrete/Masonry Surfaces
- All Marble
- Slate
- Ceramic Tile
- Grout

Miracle Heavy-Duty Cleaner is a revolutionary patent-pending water-base industrial cleaner designed to remove grout haze, built-up grease, dirt and stains from all ceramic, porcelain, grout, glass and Natural stone. Miracle Heavy-Duty Cleaner will not hurt or remove the finish or polish on acid sensitive surfaces including marble. Now for the first time an industrial strength cleaner as strong as an acid without the harmful effects.

Miracle Heavy-Duty Cleaner addresses dirt and grime at the molecular layer penetrating deep underneath the staining agent. It is a non-corrosive water based cleaner with a mild PH. It leaves behind a monomolecular layer bonded to the surface that makes the surface more resistant to future dirt and stain build-up. Unlike acid cleaners, it will not harm your skin even though one should always wear protective gloves and eye protection as an extra safety precaution whenever cleaning any surface. This product is stable in both hot and cold climates.

SPECIAL FEATURES:

- Industrial Strength
- OK for Acid Sensitive Materials
- OK on Polished Surfaces
- Easy-to-Use
- No-VOC
- Great for Grout Haze Removal
- Ready-to-Use (One Step)
- Fast Acting

COVERAGE: 175 – 350 square feet per gallon.

Container sizes: Gallon, Quart.

Granite Brite

A UNIQUE NON-WAX POLISHING COMPOUND FOR:

- Most Natural Granites.

Granite Brite is a no-wax compound designed for the polishing or color enhancement of new and worn granite surfaces, primarily floors. Granite Brite contains only high quality abrasives. Must be used with a floor or hand machine.

SPECIAL FEATURES:

- Easy-to-Use
- Non-Yellowing
- Fast & Effective
- Non-Wax/Coating
- Polishes
- Brightens

COVERAGE: Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution is left on the surface and application methods. Used as directed, Granite Brite will cover approximately 160 square feet per 1-pound container.

Container sizes: 1-Pound, 5-Pound and 40-Pound Containers.

Mira Dust

FAST-ACTING POLISHING COMPOUND FOR:

- Marble
- Terrazzo
- Travertine
- Limestone

Mira Dust is a unique, fast-acting polishing powder designed to enhance the natural shine of natural stone surfaces. Mira Dust will remove light scratches and acid etch marks in addition to polishing. Mira Dust can be used for the final polish of a restoration process or for use as an easy ongoing maintenance procedure. Must be used with a floor or hand machine.

SPECIAL FEATURES:

- Easy-to-Use
- Non-Wax/Coating
- Blends Well
- Non-Oxalic Acid
- Polishes

COVERAGE: Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution is left on the surface and application methods. Used as directed, Mira Dust will cover approximately 150 - 300 square feet per 1-pound container.

Container sizes: 1-Pound, 5-Pound and 40-Pound Containers.

Restore

Mira Hone

FOR USE ON WORN STONE SURFACES:

- Marble
- Travertine
- Terrazzo
- Limestone

Mira Hone is a unique, natural, non-wax powder compound for honing and deep cleaning marble, travertine, limestone and terrazzo. Mira Hone can effectively be used on floors with "lippage" to remove scratches, etch marks, light weight traffic patterns. Mira Hone can be used to prepare the stone surface prior to using one of the Miracle Sealants final polishing products. Must be used with a floor or hand machine.

SPECIAL FEATURES:

- Easy-to-Use
- Fast & Effective
- Blends & Cleans
- Cost Effective
- Non-Acid

COVERAGE: Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution is left on the surface and application methods. Used as directed, Mira Hone will cover approximately 80 - 115 square feet per pound.

Container sizes: 1-Pound, 5-Pound and 40-Pound Containers.

Tile Restor

UNIQUE, NATURAL HONING COMPOUND FOR:

- Porcelain Tile
- Ceramic Tile
- Glazed Tile
- Mosaic Tile

Tile Restor is a unique, natural, non-wax powder compound designed for honing heavily damaged tile. Tile Restor prepares the damaged surface for final polishing with Tile

Brite. Must be used with a floor or hand machine.

SPECIAL FEATURES:

- Easy-to-Use
- Fast & Effective
- Non-Yellowing
- Cost Effective
- Non-Coating/Wax
- Natural Non-Wax Formula

COVERAGE: Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution is left on the surface and application methods. Used as directed, Tile Restor will cover approximately 80 - 115 square feet per 1-pound container.

Container sizes: 1-Pound, 5-Pound and 40-Pound Containers.

Tile Brite

UNIQUE, NATURAL POLISHING COMPOUND FOR:

- Porcelain Tile
- Ceramic Tile
- Glazed Tile
- Mosaic Tile

Tile Brite is a unique, natural, non-wax powder compound designed for the polishing of most tiles. Tile Brite will produce a long lasting luster, while providing durable slip resistance. Available in three colors. Must be used with a floor or hand machine.

SPECIAL FEATURES:

- Easy-to-Use
- Fast & Effective
- Non-Yellowing
- Cost Effective
- Non-Coating/Wax
- Natural Non-Wax Formula

COVERAGE: Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution is left on the surface and application methods. Used as directed, Tile Brite will cover approximately 80 - 115 square feet per 1-pound container.

Container sizes: 1-Pound, 5-Pound and 40-Pound Containers.

Water Ring & Etch Remover

UNIQUE POLISHING COMPOUND FOR MAINTAINING:

- Marble
- Travertine
- Terrazzo
- Limestone
- Other Natural Stone

Water Ring & Etch Remover is a unique, fast-acting polishing powder specially formulated to remove water rings, light scratches and etch marks. Can be used with a floor or hand machine.

SPECIAL FEATURES:

- Non-Oxalic Acid
- Fast & Effective
- Cost Effective
- Easy-to-Use

COVERAGE: Coverage will vary depending on density, porosity, texture, surface absorption, weather, time solution is left on the surface and application methods. Used as directed, Water Ring & Etch Remover will cover approximately 37.5 - 75 square feet per 4-ounce container.

Container sizes: 4-Ounce Bottle.

Restore

Miracle Travertine Fill Kit

COLOR MATCHED FILL FOR:

- All Travertine
- All Limestone

Miracle Travertine Fill Kit permanently repairs holes, missing travertine fill and cracks. The search is over for an easy-to-use complete travertine fill kit. With both light and dark powder included, the color matching options are endless.

SPECIAL FEATURES:

- Dries to a Matte Finish
- Increased Durability
- Just Add Water, Mix and Apply
- Long-Lasting Repairs
- Create Custom Colors

COVERAGE: 50 – 200 square feet per pint (depending on holes per sq ft).

Container sizes: 1 - 8 oz. Light, 1 - 8 oz Dark container per box.

Tips

Use Only Products Designed to be Used on Natural Stone, Ceramic/ Porcelain Tile & Grout

Avoid using general cleaners not specifically designed for natural stone, ceramic/porcelain tile or grout. Some of these general cleaners (i.e. off the shelf bathroom, tile and grout cleaners) may contain harmful chemicals that may damage natural stone as stone is sensitive to certain chemicals. Miracle Sealants Cleaners are specifically designed for cleaning Natural Stone, Ceramic/Porcelain Tile and Grout. (See product recommendation chart for appropriate products for your particular substrate).

Different Stains Require Different Cleaners

For general cleaning daily (or as needed) Miracle Sealants Cleaners can be used as directed on any type of natural stone, ceramic/ porcelain tile or grout. Refer to product recommendation chart for appropriate products to be used on specific surfaces.

For soap scum, hard water build up, efflorescence or heavy dirt buildup Miracle Sealants Heavy-Duty Acidic Cleaner can be used as directed. This type of cleaner should NOT be used on acid sensitive natural stones (polished marble, limestone or travertine). For acid sensitive stone use Miracle Heavy Duty Cleaner (Acid Substitute). Refer to the product recommendation chart for appropriate products to be used on specific surfaces. For porcelain and ceramic tile, you can also use Porcelain & Ceramic Tile Cleaner, Tile & Stone Cleaner or Heavy Duty Cleaner (Acid Substitute) to clean soap scum.

Before Resealing “Clean It!”

When the time comes to re-seal your natural stone, ceramic/porcelain tile & grout, be sure that it is sufficiently cleaned. Refer to product recommendation chart for appropriate products to be used on specific surfaces.

For additional cleaning tips and general information go to miraclesealants.com

Questions

Why should my stone, tile and grout be sealed?

You have made a big investment and should not stop with just the installation of it. By sealing your stone, tile or grout you're providing a barrier against staining agents becoming permanently imbedded. Properly sealed surfaces will last longer, resist stains, be less slippery and be easier to clean and maintain.

What Miracle products should I use for a new installation?

- Miracle 511 Sealer of choice for grout release.
- Miracle Grout Shield New & Improved as a grout additive to protect grout.
- Miracle cleaners for grout clean-up.
- Miracle 511 Sealer for final sealing of tile, stone or grout.
- Miracle products for on-going maintenance.

Are 511 products toxic?

Although 511 Impregnator is a solvent, it is only a 1 on the toxicity level (0 - 4). That is equal to laundry detergent. It is non-flammable and is OK for use in food prep areas.

All 511 Products have been tested by Scientific Certification Systems and has passed the stringent California Air Resources Board (CARB) Section 01350 test requirements making it certified for Indoor Advantage Gold (SCS-IAQ-01615).

What is the general cost for 511 sealants?

\$.03 - \$.48 per square foot depending on product used and surface applied to.

How frequently should I reapply?

The products longevity will vary depending on the surface texture, type of stone, tile or grout, where it is located, what type of wear the surface is exposed to, etc. Typically, we recommend re-application on flooring every 1 - 3 years for commercial flooring and every 3 - 10 years for residential flooring. We recommend reapplication every 1 - 20 years on counters and every 3 - 20 years on vertical surfaces.

Is there a warranty with each specific product?

- 20 Year Satisfaction Guaranteed - 511 Impregnator, 511 Porous Plus and 511 Seal & Enhance.
- 10 Year Satisfaction Guaranteed 511 H2O Plus.
- Lifetime Warranty - Miracle Grout Shield New & Improved.

Questions

What is the estimated time to seal a new installation including prep and clean-up for a 100 square foot room?

With a new installation just using one of our sealants as a grout release before grouting will save up to 50% in labor with grout clean up after grouting. With proper prep for surrounding areas it should take no more than 2 or 3 hours to do 100 square feet.

What is a grout release?

A grout release is a product applied to the surface of the stone or tile before grouting. This step keeps the grout dye from penetrating into the surface and allows faster grout clean up. All 511 Products and Tile, Stone & Grout Sealer will work as a grout release when used properly.

What product is used/recommended to protect sanded and non-sanded grout?

During a new installation, use Miracle Grout Shield New & Improved in place of water for improved strength and stain resistance. For existing installations, use Miracle 511 Sealers.

What products will clean my counter tops and bathrooms?

Miracle Tile & Stone Cleaner, Counter Kleen, Miracle Heavy-Duty Cleaner (Acid Substitute) or Granite & Marble Clean & Polish.

How do I apply the product?

A QR Code on each product label has a 45 - 60 second how-to video and direct link to our technical support.

What applicators are needed for applying sealants?

Miracle Sealants Applicator and Tray.

How do I maintain surfaces after sealing?

For your specific application, see the Care Guides at www.miraclesealants.com/download/care_guides_com.pdf

Which sealants dramatically change the look of the stone?

511 Seal & Enhance, Mira Matte, High-Gloss Finish Sealer or Matte Finish Sealer.

Which sealants are transparent?

511 Impregnator, 511 Porous Plus, 511 H2O Plus, Tile Stone & Grout Sealer, Grout Sealer & 511 Spray on Grout Sealer.

What's the difference between solvent based and water based?

Both are vehicles that take the protection (silicone and or polymers) into the substrate. Solvents work much better for this as they can penetrate the denser materials like polished granites and even porcelain tile where water base cannot penetrate these denser surfaces.

Are there better sealants for showers?

Miracle recommends using solvent base sealers for use in the shower.

Are there better sealants for floors?

Miracle recommends using solvent base sealers for use on floors.

Are there better sealants for counter tops / food prep areas?

As long as it is food safe we recommend the best performing 511 product for the particular tile or stone.

Do you apply enhancers first, then seal? or vice versa?

When using 511 Seal & Enhance the product is sealer and color enhancer in one. So you use the product as you would any other impregnator. Seal prior to grouting as a grout release. Seal after grout has been removed to protect grout.

With Mira Matte you would use 511 Impregnator as a grout release prior to applying Mira Matte. After the grout haze has been completely removed, apply Mira Matte as directed.

Will the 511 products make the surface slippery?

No. All surfaces treated will be less slippery. 511 Anti-Slip is specifically designed for this purpose.

- Covers All Granite Counter Tops

The Plan – What it Covers

The Miracle Sealants 511 Counter Top Protection Plan enhances the benefits of products that have been successfully used on more than 20 billion square feet of natural stone and tile surfaces worldwide. The 511 Counter Top Protection Plan covers most polished granite counter tops.

The 511 Counter Top Protection Plan warrants against staining from common household food and beverage items including Coffee, Tea, Red Wine, Mustard, Ketchup and Cooking Oil for up to 20 years. Peace of mind has never been so close with the best warranty program on the market.

The Sealers

The professional's choice of premium grade high performance sealers/impregnators in the tile and stone industry for more than 34 years. Names you have come to trust, 511 Porous Plus, 511 Seal & Enhance and 511 H2O Plus have long satisfied the needs of the tile and stone industry.

These products protect the surface from stains and water penetration and now they come backed with the 511 Counter Top Protection Plan! Miracle Sealants Company is the only company to offer a protection plan on 3 sealers / impregnators – 511 Porous Plus, 511 Seal & Enhance and 511 H2O Plus offering the customer a choice of professional protection products to fit their individual needs.

The Warranty

Miracle Sealants Company warrants to the Original Purchaser of polished granite counter tops, when treated with one of the three 511 Sealer product offerings, the surface will be resistant to stains caused by common food and beverages for a period of 20 years from the date of completed installation when maintained with recommended Miracle Sealants maintenance products.

Exclusions

1. Replacement costs for labor and installation materials such as tile, natural stone, grout, setting materials, under floor heating, electrical, plumbing and any other costs associated with the installation.
2. Improper installation.
3. Improper use of maintenance and household products.
4. Ordinary wear & tear.
5. Grout related issues including but not limited to staining, color variation, discoloration, cracking, chalking, mildew or mold.
6. Any item which might be expected to damage the product including but not limited to: abuse, negligence, falling objects, fire, earthquake, tornado or other natural disaster, exposure to extreme heat or accident.
7. Commercial use which constitutes store, office or other place of business.
8. Outdoor use.
9. Variations between field and trim; tile and stone.
10. Natural variations from design and color samples or photos.
11. Any color or shade variations, different markings, holes, pits, inclusions, veining, density and any element inherent to natural stone and tile surfaces.

Procedure for Making a Claim

The original purchaser must notify Miracle Sealants Company of the defect in writing within 30 days of discovery. Original Purchaser must supply unused product and the original purchase receipt. Failure to produce documentation renders warranty null and void in its entirety. No claim will be honored unless Miracle Sealants Company is given an opportunity to inspect the allegedly defective product. Failure to produce product for inspection renders the warranty null and void in its entirety. After inspection, Miracle Sealants Company will replace product or at its option, refund of the purchase price of the product.

Some states do not allow exclusion or limitation of incidental or consequential damages.

Standard Warranty (All Products)

Miracle Sealants warrants these products to be free of defects. In the event the product is proven defective, Miracle Sealants will replace the product free of charge, or at its option, refund the purchase price paid as evidenced by the purchaser's receipt.
