Information we need: copy of original PO, shipping address (for new parts), your contact information and pictures of the issue.

Email – patioservices@gmail.com

Phone – 248-606-9545

INFORMATION

BEFORE YOU BEGIN

Before beginning assembly, make sure all parts are present. Compare parts received with the “Parts List.” If any part is missing or damaged, do NOT attempt to assemble the product. Please read and understand this entire manual before attempting to assemble, operate or install this product. If you have any questions regarding the product, please **contact customer service**.

GENERAL INFORMATION

Your new table is made from the finest materials available. It should provide many years of enjoyment with minimal care.

Keep your table clean and apply a coat of wax a few times a year. For best results, clean the table with warm soapy water and use an outdoor furniture wax. If you use furniture covers, always make sure the table is clean and completely dry before covering as mold may form in dark, wet places. Check the bolts on your table regularly to make sure they are tight.

To provide a rust free product this table is made of Cast Aluminum which is a relatively soft material. Be careful not to over tighten your hardware. Stripped hardware is not covered under the manufacturer’s warranty. The weight limit for this table is 400 lbs.

SAFETY INFORMATION

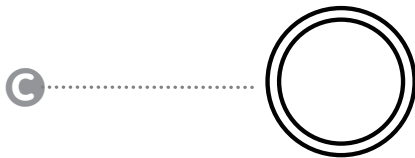

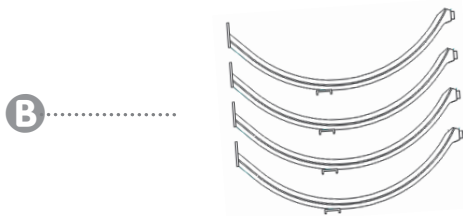

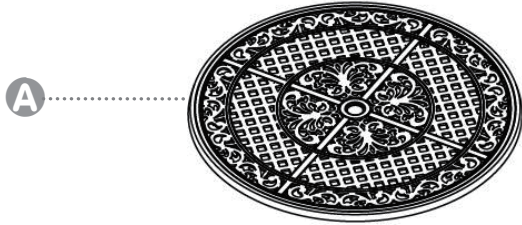

WARNING

DO NOT stand or allow children to stand on the assembled product. DO NOT lean the table on two legs or allow it to be placed on an uneven surface. DO NOT tighten bolts completely until instructed to do so. After final alignment, make sure all nuts and bolts are securely fastened. NEVER use a power tool to assemble or tighten your furniture. Perform periodic checks to make sure the hardware is secure and tighten if needed.

CAUTION

READ all instruction before beginning assembly. Failure to do so may result in faulty assembly and potential injury. Assemble the item on a soft, non-abrasive surface such as a carpet or cardboard to avoid damaging the item.

PARTS LIST

PART	DESCRIPTION	QUANTITY
A	Table Top	1
