

ASSEMBLY INSTRUCTIONS

SKU NO.: HCF-1313 LIGHTING FIXTURE

Read instruction carefully prior to assembly

Thank you for purchasing this quality product. Check carefully for small parts which may come loose during shipment. Remove all components from pack and place top down on soft surface such as carpet or cloth to prevent scratching the finish. Identify and count all parts as specified below.

PACKAGE CONTENTS

Part	Description	Quantity
A	Canopy	1
B	Shade	1
C	Socket Assembly (Preassembled with shade)	1
D	Diffuser	1
E	Tube	1

It is recommended to use two or more persons during the assembly process.

1. Remove plastic cover from shade (B) before using. Insert the diffuser (D) into the shade (B) at an angle.
2. Unscrew canopy nuts (DD) and detach mounting bracket (CC) from canopy (A). Attach mounting bracket (CC) to the junction box (not included) with two junction box screws (AA).
3. Thread tube (E) onto socket assembly (C). Assemble canopy (A) onto the tube (E).
4. Place canopy (A) against mounting surface, allowing the pre-assembled screws on mounting bracket (CC) to pass through the canopy (A). Secure with previously removed canopy nuts (DD)
5. Make electrical connections using wire connectors (BB)
- 6: Install light bulbs (not included). This fixture has been rated for up to Three (3) E26 Socket 60-Watts Maximum Light Bulbs (not included) or CFL Equivalent light bulbs (not included) or LED Equivalent bulbs (not included).
7. Restore Electrical power when complete.

CAUTION! IMPORTANT SAFETY INSTRUCTIONS:

Connect the cord with the ribbed surface to the white wire of the supply circuit.

Connect the half with the markings and smooth surface to the black wire of the supply circuit.

Connect the bare copper grounding wire from the fixture to the green screw on the mounting bracket and the grounding conductor of the supply circuit. Use U.L/CSA Listed wire connectors suitable for the size, type and number of conductors. No loose strands or loose connections should be present. MADE IN CHINA
