Model #5037

Installation Guide

THD: 1-Gang Split Plate

PACKAGE CONTENTS

- (1) 1-Gang Split Plate
- 2 phillips head screws

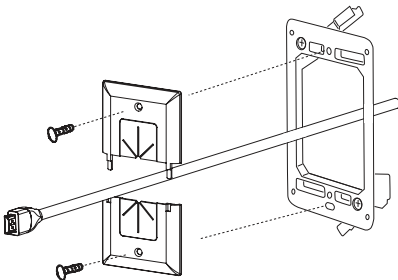

TOOLS NEEDED

- Drywall saw
- Phillips head screwdriver

Installation

1 ROUTING THE CABLES

- After installing a low voltage mounting bracket (not included) pass your low voltage A/V cables through the opening in the plate.

2 INSTALLING THE PLATE

- Then, secure the Split Plate to the wall using a phillips head screwdriver.
